

**CITY OF HUTTO, TEXAS
REGULAR CITY COUNCIL MEETING
THURSDAY, SEPTEMBER 13, 2018 AT 7:00 PM
CITY HALL - CITY COUNCIL CHAMBERS
401 WEST FRONT STREET**

CITY COUNCIL

Doug Gaul, Mayor
Tom Hines, Place 2, Mayor Pro-tem
Scott Rose, Place 1
Nathan Killough, Place 3
Tim Jordan, Place 4
Patti Turner, Place 5
Terri Grimm, Place 6

AGENDA

1. **CALL SESSION TO ORDER**

2. **ROLL CALL**

3. **PLEDGE OF ALLEGIANCE**

4. **PUBLIC COMMENT**

Any citizen wishing to speak during public comment regarding an item on or off the agenda may do so after completing the required registration card. In accordance with the Texas Attorney General's Opinion, any public comment that is made on an item that is not on the published final agenda will only be heard by the City Council. No formal action, discussion, deliberation, or comment will be made by the City Council. Each person providing public comment will be limited to 3 minutes.

4A. Remarks from visitors. *(Three-minute time limit)*

5. **PUBLIC HEARINGS:**

5A. Open and conduct the second and final public hearing regarding the proposed ad valorem tax rate.

5B. Open and conduct a second and final public hearing regarding the levying of Ad Valorem taxes for the use and support of the municipal government for the City of Hutto for the Tax Year 2018-2019.

5C. Open and conduct a second and final public hearing regarding the proposed City of Hutto Budget for Fiscal Year October 1, 2018 through September 30, 2019.

6. **ADJOURNMENT**

CERTIFICATION

I certify that this notice of the September 13, 2018 Hutto City Council meeting was posted on the City Hall bulletin board of the City of Hutto on September 7, 2018 at _____.

.

Original Agenda Signed

Lisa L. Brown, City Secretary

The City of Hutto is committed to comply with the American with Disabilities Act. The Hutto City Council Chamber is wheelchair accessible. Request for reasonable special communications or accommodations must be made 48 hours prior to the meeting. Please contact the City Secretary at (512) 759-4033 or lisa.brown@huttotx.gov for assistance.

CITY OF HUTTO CITY COUNCIL AGENDA

AGENDA ITEM NO.: 5A. **AGENDA DATE:** September 13, 2018

PRESENTED BY: James Bryson, Director of Finance

ITEM: Open and conduct the second and final public hearing regarding the proposed ad valorem tax rate.

STRATEGIC GUIDE POLICY: Fiscal Responsibility

ITEM BACKGROUND:

Two public hearings are required under Truth in Taxation, as the City of Hutto is proposing a tax rate over the effective tax rate for Fiscal Year 2019.

Tax rates, per \$100 of taxable value, are as follows:

2017-18 (current year) tax rate: \$0.515171

Formula: Assessed Valuation/100 x tax rate = taxes paid

2018-19 (upcoming year) effective rate: \$0.4765410

Effective rate formula: Last year's total tax revenue ÷ this year's tax base (after subtracting value of new property)

2018-19 (upcoming year) rollback rate: \$0.5489800

Rollback rate formula: Last year's **operating** tax revenue ÷ this year's tax base (after subtracting value of new property) x 1.08% + this year's debt rate

This is the highest rate the Council may consider without a potential voter petitioned roll-back election.

2018-19 (upcoming year) proposed rate: \$0.515171

This year's proposed rate is the M&O rate of \$0.389299 plus the I&S rate of \$0.128715.

The maximum tax rate the City Council may consider is the proposed tax rate of \$0.515171 based on the action taken by Council on August 2, 2018.

BUDGETARY AND FINANCIAL SUMMARY:

The budget for the General Fund and Debt Service (I&S - Interest and Sinking) Fund are funded in part based on the property tax rate.

RELATED COUNCIL COMMITTEE OR ADVISORY BOARD RECOMMENDATIONS:

Not applicable.

CITY ATTORNEY REVIEW:

Not applicable.

STAFF RECOMMENDATION:

Staff recommends Council open and conduct the public hearing for the proposed ad valorem tax rate.

SUPPORTING MATERIAL:

There are no supporting documents.

CITY OF HUTTO CITY COUNCIL AGENDA

AGENDA ITEM NO.: 5B. **AGENDA DATE:** September 13, 2018

PRESENTED BY: James Bryson, Director of Finance

ITEM:

Open and conduct a second and final public hearing regarding the levying of Ad Valorem taxes for the use and support of the municipal government for the City of Hutto for the Tax Year 2018-2019.

STRATEGIC GUIDE POLICY: Fiscal Responsibility

ITEM BACKGROUND:

The impact of the tax rate was discussed as part of the budget presentations. The proposed tax rate of \$0.515171 is the same as the current rate of \$0.515171. The proposed tax rate is also lower than the rollback rate of \$0.548980. The proposed tax rate is 5.2% higher than the effective rate of \$0.4765410. The City Council hosted two public hearings on the proposed ad valorem rate.

The proposed rate is divided as follows to meet the debt service requirements of the City:

Maintenance and Operations of the general government (General Fund), a rate of \$.0389299 on each \$100 valuation of property; debt service on bonds sold for the support of general government, a rate of \$.128715 on each \$100 valuation of property.

The State requires certain language be used in the motion to adopt the tax rate. The motion to adopt the recommended tax rate is as follows:

'I move that the property tax rate be increased by the adoption of the tax rate of \$0.515171, which maintains the current tax rate.'

BUDGETARY AND FINANCIAL SUMMARY:

The budget for the General Fund and Interest and Sinking Fund (Debt Service) are funded in part based on the above stated rates.

RELATED COUNCIL COMMITTEE OR ADVISORY BOARD RECOMMENDATIONS:

Not applicable.

CITY ATTORNEY REVIEW:

Not applicable.

STAFF RECOMMENDATION:

Staff recommends the Council approve the first reading of the Ordinance.

SUPPORTING MATERIAL:

1. [Tax Levy Ordinance](#)

ORDINANCE NO.

AN ORDINANCE LEVYING AD VALOREM TAXES FOR THE USE AND SUPPORT OF THE MUNICIPAL GOVERNMENT FOR THE CITY OF HUTTO FOR THE TAX YEAR 2018; PROVIDING FOR APPORTIONING EACH LEVY FOR SPECIFIC PURPOSE; AND, PROVIDING WHEN TAXES SHALL BECOME DUE AND WHEN SAME SHALL BECOME DELINQUENT IF NOT PAID; AND PROVIDING FOR A PUBLICATION CLAUSE, SEVERABILITY CLAUSE, AND REPEALING CLAUSE.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HUTTO, TEXAS:

SECTION I.

That there is hereby levied and there shall be collected for the use and support of the Municipal Government of the City of Hutto, upon all property, real personal and mixed, within the corporate limits of said City subject to taxation a tax of \$0.515171 on each \$100.00 valuation of property, said tax being levied and apportioned to the specific purpose herein set forth.

1. For the Maintenance and Operations of the general government (General Fund), a rate of \$0.3892996 on each \$100.00 valuation of property and
2. For debt service on bond sold for the support of general government, a rate of \$0.1258715 on each \$100.00 valuation of property.

SECTION II.

THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE. THE TAX RATE WILL EFFECTIVELY BE RAISED BY 11.9% AND WILL LOWER TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 BY APPROXIMATELY \$27.18.

SECTION III.

That the Taxes levied under this ordinance shall be due October 1, 2018, and if not paid on or before January 31, 2019, shall become delinquent.

SECTION IV.

All Taxes shall become a lien upon the property against which assessed, and the City Tax Assessor and Collector of the City of Hutto is hereby authorized and empowered to enforce the collection of such Taxes according to the Constitution and Laws of the State of Texas and ordinances of the City of Hutto and shall, by virtue of the tax rolls, fix and establish a lien by levying upon such property whether real or personal, for the payment of said taxes, penalty and interest, and the interest and penalty collected from such delinquent taxes shall be apportioned to the General Fund of the City of Hutto. All delinquent taxes shall bear interest from the date of delinquency at the rate as prescribed by State Law.

SECTION V. Publication Clause

The City Secretary of the City of Hutto is hereby authorized and directed to publish the caption of this ordinance in the manner and for the length of time prescribed by law.

SECTION VI. Severability Clause

The provisions of this ordinance are severable, and if any sentence, section, or other parts of this ordinance should be found to be invalid, such invalidity shall not affect the remaining provisions, and the remaining provisions shall continue in full force and effect.

SECTION VII. Repealing Clause

All ordinances and resolutions and parts thereof in conflict herewith are hereby expressly repealed insofar as they conflict.

SECTION VIII. Open Meeting Clause

The City Council hereby finds and declares that written notice of the date, hour, place, and subject of the meeting at which this ordinance was adopted was posted and that such meeting was open to the public as required by law at all times during which this ordinance and the subject hereof were discussed, considered, and formerly acted upon, all as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended. .

SECTION IX.

This ordinance shall take effect and be in force from and after its passage.

READ and **APPROVED** on **first reading** on this the **6th** day of **September, 2018**, at a regular called meeting of the City Council of the City of Hutto, there being a quorum present, by a record vote:

City Manager
Odis Jones

Mayor and City Council,

It is my honor to present the 2018-19 budget for your consideration. The 2018-19 budget is carefully crafted to enable a strategic and thoughtful response to the growing needs of the Hutto community. The 2018-19 budget continues to follow Hutto's conservative financial approach, while balancing the focus on economic development, an aging infrastructure, and the desire to grow and expand programs and services.

Hutto has turned the corner in its growth and development. The decisions we make today regarding our strategic plan – creating a well-balanced and diversified economy, public safety, fiscal responsibility, quality of life and services, and infrastructure and growth – will no doubt shape the future of Hutto for generations to come. The Strategic Plan adopted by Council and the proposed budget and business plans are formulated to enable City staff to work toward planning and driving positive results for each strategic goal, and to set the City of Hutto on a course for continued prosperity.

The City is experiencing phenomenal growth. Hutto is in the midst of the largest economic boom in its 105-year history. The City has added more than 2,150 homes within the last six years, and expects to add more than 400 in 2018 alone. These 400 homes will add approximately 1,200 new residents who need services. This remarkable residential expansion is not expected to slow, as new subdivisions continue to develop. While such growth results in numerous positive results, it also brings about challenges to our roadways with regards to congestion as well as other added demands on the City infrastructure. For example, there are more people in need of services from public safety, library, parks and recreation and animal control services. New subdivisions brought about by development are increasing the workload of Development Services and Public Works who are responsible for the upkeep of City infrastructure. Support service staff is also being stretched with increased projects, heightened financial complexity and transparency to manage.

As the City continues to grow and expand its infrastructure, it is imperative that a long-term plan, including strategies and funding sources, be developed. The City Council accomplished this by adopting a new Strategic Plan in May 2017, and revised the plan in March 2018. With the

exception of Farley Street and East Street, which were updated in 2018, much of the infrastructure in Hutto's historic Downtown has not been updated, while infrastructure in subdivisions that have developed in the last 10-15 years are also now in need of maintenance.

As the community continues to grow, the City must keep a steady pace to increase staffing levels needed to serve the expanding population. The City of Hutto had 102.50 FTEs, or "full-time equivalents," at the beginning of the year, which resulted in Hutto holding a staffing ratio of 3.69 staff per 1,000 residents. This is the lowest staffing ratio among all of Hutto's benchmark cities, with the average ratio being 7.14 per 1,000 residents. To keep up with the growing needs of the community, the City has been adding staff and resources to support programs and services in the community, as well as to maintain the City's investment in its infrastructure. During the 2017-18 budget year, the number of FTEs rose to 135.75, and with a population of approximately 27,833, the staffing ratio is now 4.85 staff per 1,000 residents. The proposed 2018-19 budget continues to add employees for a total addition of 12 FTEs, which includes two police officers, a warrant officer, a building inspector, two recreation programmers, an administrative assistant for police, a criminal investigation sergeant, an additional janitorial staff member, a building maintenance supervisor, and two streets and drainage technicians. These, of course, will be added throughout the year to ensure appropriate timing of cash flows is met. Following next fiscal year, we should not see any immediate need for additional staff outside of continued normal growth.

City	Population Estimate as of 7/1/2017	Full Time Equivalents (FTE) Beginning of FY 2018	FTE Ratio per 1,000 Citizens
Average			7.14
Hutto	27,833	135.75	4.85
Belton	21,734	171.5	7.97
Cedar Park	75,704	484.50	6.39
Cibolo**	29,249	137.275	4.73
Georgetown	70,685	690	9.76
Kyle***	43,480	228	5.24
Leander***	49,234	252.25	5.42
Little Elm***	46,548	266.7	6.73
Pflugerville***	63,359	372.5	5.88
Round Rock	123,678	956	7.72
Seguin	28,983	373	12.87
Taylor***	16,982	149	8.77

* Population estimates below referenced from the Texas State Library and Archives Commission; the last population estimate was for 2010-2017, with one to be conducted soon.

* FTEs taken from annual FY18 budgets for each respective city, or from FY17 annual report.

** Similar to Hutto in regard to having only water/wastewater, sewer, and drainage funds for utility funds.

*** Similar to Hutto in regard to having the same utility funds; however, they may include other employee functions such as fire, etc.

Economic Outlook

Hutto is poised for a prosperous future. Hutto's location at the intersection of US Highway 79 and Texas State Highway 130 makes Hutto a convenient location with easy accessibility. Because of this, Hutto also benefits from growth that is occurring regionally. The Innovation Business Park, Hutto Park at Brushy Creek purchase and development, The Landing Development and the Co-Op Entertainment District in Hutto are all expected to have a positive

impact on Hutto businesses. Job growth in the Austin-Hutto MSA has gained strength month-over-month, and unemployment is a low 2.9% as of May 2018.

The economic indicators in Hutto point toward a vibrant local economy. As mentioned previously, residential growth has been phenomenal, and commercial growth is occurring at its fastest rate in history. The opening of the new HEB Plus! and the surrounding

retail in the Star Ranch area, continue to provide a tremendous boost to Hutto's sales tax revenue and spur further economic growth in the area. Other development projects include Innovation Business Park, the Co-Op Entertainment District, The Landing, The Crossings at Carmel Creek and NewQuest -

Townwest Commons. Each offer great opportunities for future retail and commercial growth.

Sales tax collections continue to climb and new records are reached each year. As of June 2018, collections were 19% over the prior year. Sales tax collections are conservatively projected to rise 10.6% in the 2018-19 budget year. The development of future housing and retail will continue to drive sales tax growth, which has consistently climbed over the last two years at a 21% average growth.

Home values are also experiencing steady increases in appraised values, which are confirmed by strong sales numbers and low inventory. Average home values in Hutto have steadily risen from \$164,745 in 2015 to \$183,267 in 2016, \$191,695 in 2017, and are currently \$207,816 (as per Williamson Central Appraisal District (WCAD), an increase of 8.4% over the prior year.

Budget Priorities

The City Council began working on a new Strategic Plan in the first quarter of 2017. Both the City Council and City staff participated in several retreats, as well as meetings with Boards and Commissions, and informal and formal public meetings gathering insight and feedback from stakeholders for the purpose of developing the new Strategic Plan & Execution Guide, which was then updated in March 2018. The Proposed 2018-19 Budget aligns with the Strategic Plan & Execution Guide. The Vision Statement, Values, Strategic Focus Areas, and Objectives from the Strategic Plan & Execution Guide are shown below.

SALES TAX GROWTH

VALUES

RESPONSIBLE

We expect those acting on behalf of the City to consistently demonstrate responsibility. Being responsible entails possessing a trustworthiness to do what is in the best interest of the community and the City organization, and being accountable for our own individual actions.

SAFE

We expect those acting on behalf of the City to consistently have a high regard for the safety of all individuals, including our residents, visitors, volunteers, employees, and their property. The value of safety includes actions taken to promote the safety of the public (e.g. police services, fire services, emergency medical services, etc.), as well as the design of our infrastructure, operational policies, and the working conditions provided to our employees. Recognizing that some elements of the work of the City of Hutto come with a level of inherent danger, our goal is to mitigate that danger to every possible extent.

AUTHENTIC

We expect those acting on behalf of the organization to conduct themselves with authenticity. Hutto is a unique community with a distinct history, culture, and character, and authenticity entails being genuine in both words and deeds toward every individual and to the community as a whole.

PROGRESSIVE

We expect those acting on behalf of the City to seek creative solutions to problems. Being progressive entails making use of new or different methods, opportunities, and ideas with the intention of advancing the practice or outcome further and faster than it would under the status quo.

Vision Statement

Hutto, Texas is a family-friendly community that provides superior public safety, outstanding fiscal responsibility, a diversified economy, and an exceptional quality of life.

STRATEGIC FOCUS AREAS

Strategic Focus Areas directly support the Vision and Values. These are the broad areas upon which the City is placing an intense focus. Below are the five Strategic Focus Areas of the City of Hutto.

OBJECTIVES

Objectives within this plan are defined as the primary areas in which the City is intending to noticeably make changes in the relative short term with the purpose of advancing its Vision. Objectives are more specific and direct than Strategic Focus Areas, but in most cases, are not discreet, achievable goals in and of themselves. Objectives are designed in such a way that if the organization makes significant progress toward meeting them, it will have made significant progress toward achieving the Vision as well.

Generate a strategic path forward for enhancing the public safety apparatus, including police, fire, and emergency medical services.	Create an aggressive, progressive economic development strategy for the community.	Create an "open for business" culture throughout the organization.	
Maintain a positive and inspired workforce	Enhance mobility within the City	Implement a quality city-wide customer service program.	Enhance the overall governance of the community.
Construct and maintain infrastructure at the desired levels of service.	Ensure responsible fiscal stewardship through transparency and reporting.	Maintain an environment and quality of life that encompasses a safe, friendly, and entertaining atmosphere for all ages.

Sept. 20, 2018	2 nd Reading of Ordinance approving Ad Valorem Taxes; 2 nd reading of Ordinance approving the budget.
Oct. 1, 2018	Budget New Year Begins

Budget Process

The City of Hutto uses a priority-based budgeting process.

The City of Hutto annually budgets operating revenues and expenditures by two types of funds: Governmental Funds and Proprietary Funds. The City uses a total of 14 separately and independently budgeted funds to carry out the day-to-day operations of the City.

A fund is generally defined as a fiscal and accounting entity that has its own self-balancing set of accounts recording cash and other financial resources, as well as any liabilities or residual equities or balances. Normally, funds are segregated for the purpose of carrying out specific activities or meeting certain objectives in accordance with special regulations, restrictions or limitations.

Governmental Funds are used for tax-supported general government activities and include the General Fund, General Debt Service Fund, Special Revenue Funds, General Capital Projects Fund, and the newly created Streets, Drainage and Grounds Maintenance Fund. Proprietary funds (funds that operate more like a business enterprise) include the Utility Fund, Impact Fee Fund, and Utility Debt Service Fund.

Gather Information

The City Council is consulted throughout the year, and their response and feedback are considered during budget review and analysis of budget requests. The Council annually adopts budget priorities. Following Council elections, the City Council holds a retreat to discuss the budget priorities and strategic issues important to Hutto's future. The budget priorities are incorporated where possible in the adopted budget. The budget priorities for the upcoming fiscal year are addressed in the opening pages of this document and in the Budget Transmittal Letter section, as well as in the updated Strategic Plan and Execution Guide adopted in May 2017 and updated in March 2018.

Update Strategic Plans

Each year, staff reviews and updates strategic plans used to properly plan for the City's growth. The City Council adopted a new Strategic Plan and Execution Guide in May 2017 and updated the guide in March 2018. This document connects short-term initiatives with long-term strategic priorities identified by the City Council. Adjustments are made as needed based on service demands and assessments. Future budget requests are guided by goals and priorities identified in the strategic plans. Costs for capital improvements are updated with the help of the City Engineer. Fiscal forecast projections and estimates are updated based on trend analysis, expected growth due to residential and commercial expansion, and other anticipated factors.

Revenue Projections

Revenue projections for the new fiscal year begin mid-year of the current fiscal year. Projections are based upon consultations with state and local agencies, trend analysis, anticipated changes in the local and regional economy, and discussions with directly associated staff. Although beginning earlier, revenue projections occur concurrently with departmental budget development, and extend until the budget is adopted based upon the receipt of new information.

Budget Development

The budget is prepared to promote fiscal responsibility and to ensure superb service delivery to Hutto citizens. In preparing the budget, departments review existing programs, make cuts where appropriate, and calculate the resources needed to provide the current or base level service in the next fiscal year. These base budgets do not include any new programs, but costs may fluctuate from year-to-year due to inflation and other market conditions. After establishing base budget requests, departments factor in budget enhancements to the budget requests based on the budget priorities adopted by the City Council. Budget enhancements are costs related to new or expanded programs, including new personnel, supplies, and equipment.

During the budget development stage, the City Manager and Finance Department work with department and division managers to analyze requests, provide advice, and lend assistance. Program goals, objectives, and measures are evaluated during the budget development to determine the effectiveness and efficiency of program activities to determine appropriate levels of funding. Staff work sessions are held to discuss goals and performance indicators, as are one-on-one consultations for the development of cost estimates. As the City encourages a participatory style of leadership, input is gathered from each employee, the leadership team, and appropriate employee committees during the budget development process.

The budget is drafted in accordance with the City's Charter, state law, and also the City's Fiscal and Budgetary Policy. The Fiscal and Budgetary Policy provides additional guidelines in regard to Financial Planning, the Budget Preparation Process, Revenue and Expenditure Management, Staffing, Economic Development, Intergovernmental Relations, Capital-Asset Management, Financial Reporting, and Debt Management. The Fiscal and Budgetary Policy is included in this budget document before the Glossary.

Budget Workshops and Public Hearings

Budget work sessions are held with the City Council in open meetings to review and discuss the proposed budget. Citizen input is gathered through public hearings.

Budget Adoption and Maintenance

Budget adoption occurs in September after City Council deliberations and public hearings. The City Council may take action to modify the proposed budget at its discretion. The City Council also adopts a tax rate to support the adopted funding levels.

An adopted budget is compiled and published during the first months of the new fiscal year. Budget maintenance is a year-round activity for department and division directors, the City Manager, and the Finance Department. Mid-year program evaluations use performance measures to identify poorly performing programs so that adjustments may be made accordingly. Control mechanisms include the submission of monthly financials and budget-to-actual reports to City Council, monthly review of expenditures by the City Manager and Finance Department, and authorization to purchase from the City's Finance Department. The City Manager may move appropriations from account to account; however, budget amendments resulting in a decrease or increase of total appropriations must be approved by ordinance by the City Council.

General Fund

The General Fund is the largest fund for the City and accounts for the general service and operations. The General Fund is where services such as police, planning, public works, parks and recreation, and administration are budgeted. A majority of the City's employee salaries are funded out of the General Fund.

	2016-17	2017-18	Proposed 2018-19	Change
O&M Rate	.429335	.416482	.3892996	-6.53%
Debt Rate	.091108	.098689	.1258715	27.54%
Total Tax Rate	.520443	.515171	.515171	0.0%

The General Fund revenue budget totals \$15.3 million, which is an increase over the prior year's amended budget of \$12.9 million. Expenses are also increased to \$15.6 million in 2018-19 over the prior year's amended budget of \$13.0 million. The General Fund budget is based on the ad valorem rate of \$0.515171 per \$100 of valuation, which is less than the rollback tax rate, the maximum ad valorem rate of \$0.548980, because the City Manager is proposing a budget that is fiscally conservative.

If the City were to decide to use the rollback tax rate, the highest rate that the City may propose without an election petition, it could produce approximately an additional \$625,000 of revenue. However, the City Manager is proposing that the current tax rate level remain the same, as this rate will continue to produce additional revenue to cover the new debt service requirements; hence, the increase in the I & S, or debt portion of the ad valorem tax rate, and an increase in operational revenues by approximately \$330,000. Additional commercial and multi-use development, along with residential growth, is planned for the City, and this will continue to grow and diversify the tax base, eventually easing the burden on Hutto residents.

General Fund personnel enhancements for 2018-19 include: two additional patrol police officers; a warrant officer to serve as a bailiff and to track warrants; a building inspector to keep up with the increased activity and construction; two program recreation coordinators to help service the parks and new programs that will occur; one administrative assistant for police; one sergeant for the criminal investigation division; and a 3% merit, which aligns with the Council-adopted Strategic Plan.

General Fund equipment and other enhancements for 2018-19 include information technology and software upgrades, increases for new equipment, radio replacements, parks and recreation programs, facilities, and equipment, and vehicle and police equipment additions.

Utility Fund

The Utility Fund is the second major operating fund for the City. It accounts for the City's water and wastewater system. The Utility Fund budgeted operational revenues total \$12 million. A utility rate study was conducted in 2017, and wastewater rates were increased by 25% in fiscal year 2017-18. The effective date for the rate increase was March 1, 2018. The rate increase was essential for maintaining Utility Fund reserve requirements, investing in new infrastructure to allow expansion of the tax base, and meeting debt service obligations for recent utility projects such as the new Hutto South Wastewater Treatment Plant. Additionally, there is a one-time transfer in of \$1.5 million in impact fees that will be utilized to service the debt payments.

The Utility Fund budgeted operational expenses are proposed to total \$5 million, with an additional \$7,308,666 to be spent on debt service requirements through a transfer out to the Debt Service Fund. A majority of expenses in the Utility Fund are allocated for payroll and maintenance costs. The City contracts operation and maintenance of the wastewater treatment plants with the Brazos River Authority. The cost of wastewater treatment has increased steadily with population growth, and as the new two million gallon per day South Wastewater Treatment Plant has become operational.

Utility Fund equipment and other enhancements for 2018-19 include water and wastewater facility maintenance, equipment purchases such as meter inventory and vehicle replacements.

Streets, Drainage and Grounds Maintenance Fund

The Streets, Drainage and Grounds Maintenance Fund is a newly formed fund in fiscal year 2018, which provides major drainage preventative maintenance and roadway improvements. The fund should elevate the quality of Hutto's streets and drainage, and create long-term savings for the City through the systemic use of preventative maintenance. The fund began through the use of certificate of obligation bond monies that were issued in the beginning of fiscal year 2017-2018. In addition, a \$4 drainage fee was implemented in 2018 to help fund manpower and purchase the resources needed to improve the roadways in the City. The fund will also utilize the remaining bond monies from the prior year in the current budgeted year to continue operations, with eventual impact fees and other revenues covering any additional needed funding until the drainage fee is able to self sustain this fund.

The Streets, Drainage and Grounds Maintenance Fund budgeted expenses total \$1.84 million, which is a decrease of \$492,820 from the prior year. Additional personnel, materials, and equipment are included in this budget, as the fund will be considered a full-scale construction fund, but large, one-time equipment purchases have been removed.

Streets, Drainage and Grounds Maintenance Fund personnel enhancements for 2018-19 budget include two additional street technicians as well as material needed to complete infrastructure projects. Streets and drainage projects require a particular skill set specific to those who possess specialized training and experience.

Streets, Drainage and Grounds Maintenance Fund equipment and other enhancements for 2018-19 include a water truck.

Capital Projects

The 2018-19 capital projects budget for the General Capital Improvements Fund includes \$3.8 million for capital projects and the Utility Fund includes \$6.5 million for capital projects. The projects, and their respective funding sources, are included in the table below.

Fund	Project	Cost	Funding Sources
General CIP	Current City Hall reconstruction for Police	\$200,000	2017 Bonds
	Co-Op Improvements	\$3,125,000	2017 Bonds
	CR II9 Extension Payment	\$250,000	Cash
	TAP Limmer Loop Sidewalk Project w/ TxDOT	\$295,950	Grant
Subtotal		\$3,870,950	
Utility Fund CIP	Shiloh Tank	\$675,000	2017 Bonds
	Generators for Water Tanks	\$250,000	2017 Bonds
	Creekside/Cottonwood Drainage Improvements	\$50,000	2017 Bonds
	Permit Capacity Increase	\$200,000	2017 Bonds
	Relocation of FM I660 Utilities	\$450,000	Cash
	Tank Rehabs	\$1,100,000	2017 Bonds
	Lakeside Lift Station Abandonment	\$500,000	2017 Bonds
	Carmel Crossings Wastewater Interceptor	\$181,851	Cash
	Innovation Business Park Water Line	\$1,500,000	2017 Bonds
	Innovation Business Park Wastewater	\$1,500,000	2017 Bonds
	In point Meters	\$25,000	
	Water Tank Maintenance	\$101,000	
Subtotal		\$6,532,851	
Grand Total		\$10,403,801	

Internal Service Fund

The Internal Service Fund is a fund to account for any activity that services other funds in the government. The Internal Service Fund will account for the new fleet manager and for building maintenance and janitorial staff. The amounts will be allocated to each department at year-end based on either number of vehicles or square footage.

The Internal Service Fund budget is \$285,152 for fiscal year 2018-19. The enhancements for the budget propose adding one janitorial staff member and one building maintenance supervisor.

Conclusion

This budget document establishes the direction and focus for the upcoming year as it connects resources to the priorities identified by the City Council and the newly adopted Strategic Plan.

Fiscal year 2018-19 will be a tight budget year as we continue to experience growth. It is the City Manager's responsibility to fulfill and complete the objectives identified in this budget, which identifies resources and strategies that are in place to ensure the success of the organization, not just for the current fiscal year, but also for subsequent years.

Lastly, I would like to thank the City Council and the City staff for their consideration of the proposed 2018-19 annual budget.

Sincerely,

Odis Jones
City Manager

2018-19 BUDGET OVERVIEW

2018-19 Budget Overview

Budget Overview

The proposed 2018-19 budget for the City totals \$24,662,067 in operating expenses, approximately \$10,403,801 for capital projects, and \$9,641,023 for debt services associated with past and ongoing capital projects. Operating revenues total \$33,580,153. The ongoing operating expenses, in addition to the associated debt service payments and cash funded capital projects, exceed the proposed ongoing revenues for the City in the current fiscal year, making the proposed 2018-19 budget a year in which the city will utilize \$1,426,738 out of the fund balance for the operating expenses. However, we will continue to be in compliance with our reserve balance requirement according to the City Charter. This scenario is to be expected during years of growth while the City prepares itself by spending excess reserves hiring necessary staff, while expanding the infrastructure needed to drive economic growth.

Below is a summary of projected revenues and expenses:

Revenues

- Operational revenues: \$33,580,153 (including grant revenues to be received)
- Bond proceeds from bonds issued in prior years to be used on CIP: \$9,100,000
- Streets and Drainage Fund: \$600,000
- Fund Balance Contribution: \$1,426,738

Total: \$44,706,891

Expenses

- Operational expenses: \$24,662,067
- Capital projects: \$10,403,801
- Debt service payment: \$9,641,023

Total: \$44,706,891

Fund Description

The General Fund is the general operating fund, and is the largest fund for the City as it includes all traditional government services such as public safety, streets and drainage maintenance, parks and recreation, library services, and general administration. The General Fund uses tax revenue, fees, fines, and other revenues to fund these services. It functions as a governmental fund, which is accounted for by using a modified accrual basis of accounting.

Revenues

The General Fund revenues are budgeted to total \$15,336,378, an increase of 11.5% from prior 2017-18 projected year-end actuals. Property taxes make up a significant portion of the revenues, followed by sales tax. A diverse revenue base is essential for maintaining a sound financial system. Increased commercial and residential development is slated for the upcoming year and beyond. This new development will reduce the City's reliance on residential property tax revenue as more sales tax is collected and the tax base continues to diversify.

Property Tax

Property Tax is based on the ad valorem tax rate of \$0.515171 per \$100 of valuation. The split between the two portions of the tax rate is increasing, with the interest and sinking portion growing, as the City issued debt in 2017-18 (Operations and Maintenance - \$0.3892996 + Interest and Sinking - \$0.1258715), but will still allow the City to continue its existing services and programs, while adding additional staff. The effective tax rate, which is the rate required to levy the same amount of taxes on the same properties as the year before, is \$0.4755410 per \$100 valuation. Home values have also experienced steady increases in appraised values, which are confirmed by strong sales numbers and low inventory. Average home values in Hutto have steadily risen from \$164,745 in 2015 to \$183,267 in 2016, \$191,695 in 2017, and are currently \$207,816 (as per Williamson Central Appraisal District (WCAD)), an increase of 8.4% over the prior year. Property tax makes up the largest percentage of General Fund revenues at 46%. A total of \$7,161,491 is budgeted for collection, which is a 4.93% increase over the 2017-18 projected year-end actuals.

Sales Tax

Sales tax is the second largest revenue source for the General Fund, accounting for 31% of revenues. Sales tax is budgeted at 4,838,905, a 10.6% increase over the prior 2017-18 projected year-end actuals. Sales tax collections have remained strong as a result of continued residential growth and new commercial growth.

Franchise Fees

Franchise fees are fees collected for private utilities such as electricity, gas, and telecommunications located in the public right-of-way, totaled \$981,768. This fee is generally based on a percentage of a company's gross revenues collected within the City's limits. Due to customer growth, franchise fees are expected to increase 17.6% over prior 2017-18 projected year-end actuals.

Development Fees

Development fees are budgeted to total \$1,656,685. Development fees account for 8% of revenues. 2018-19 revenue increased over the prior 2017-18 amended budget due to significant permits and inspections anticipated with projects such as Innovation Business Park, the Co-Op

Entertainment District, The Landing, The Crossings at Carmel Creek and NewQuest - Townwest Commons.

General Fines

General fines are budgeted to total \$236,223. General fines are collected through municipal court. Citations are issued by the police department and settlement of those citations is completed through the court.

Transfers In

Transfers in are transfers from different funds into the General Fund. During the 2018-19 fiscal budget year, there will be one transfer in the amount of \$318,000 from the General Capital Replacement Fund.

Parks Revenue

Parks revenue is budgeted to increase slightly due to more growth in winter, spring and summer camps, as well as increased participation in indoor league sports such as basketball. Parks revenue includes payments for Gin Building rentals, Saul House use, pavilion rentals, recreational programming and library fees.

Other Revenue

Other revenue includes interest, miscellaneous fees and taxes, donations, grants and other minor revenue sources. Other revenue is budgeted to total \$148,329 in 2018-19.

Expenses

General Fund expenses include costs related to general government operations such as administration, police, planning and development, library services, parks and recreation and streets and drainage (which is now contained in a separate fund paid for with a bond issuance). General Fund expenses, outside of transfers, total \$15,622,475 which is an increase of 20% over the projected year-end 2017-18 actuals. Police, making up a majority of City employees, comprise the largest percentage of General Fund expenses at 32%, with a total budget of approximately \$5 million. Administration and quality of life services make up the next largest percentages at 20% and 12%, respectively.

General Fund 2018-19 Budget Expenditures

Salaries and benefits make up a majority of General Fund expenses at 68% of the budget. All Hutto employees, (with the exception of utility and streets and drainage employees), are paid from the General Fund. This category includes salaries, insurance, and retirement expenses.

Enhancements include new or expanded programs or services, equipment and personnel.

Budget Variances

This section explains differences between the 2017-18 projected year-end actuals and the 2018-19 budget. Expenses are broken down into five categories:

	2017-18 PROJECTED	2018-19 BASE	2018-19 ENHANCEMENT	2018-19 BUDGET	%CHANGE PROJECTED
Salaries & Benefits	7,989,952	10,312,879	410,396	10,723,275	34.3%
Supplies & Materials	693,933	865,528	-	865,528	24.7%
Repairs & Maintenance	109,696	106,200	-	106,200	-3.2%
Other Svs & Charges	2,836,586	3,376,207	55,000	3,431,207	21.0%
Capital Outlay	372,515	370,932	125,333	496,265	46.3%
Total	12,002,682	15,031,746	590,729	15,622,475	30.6 %
Transfers out	1,483,958	761,876	-	761,876	54.6%

Salaries & Benefits

Salaries & Benefits will increase approximately \$2.7 million over the 2017-18 projected year-end actuals. The largest portion of the increase can be attributed to those who were hired in the prior year now earning a full year salary plus benefits. However, there are several newly created positions in the General Fund as detailed below.

Newly created positions for 2018-19 include two police officers, increased to meet staffing requirements and provide more efficiency within the Hutto Police Department. The total for new patrol positions, plus TMRS and benefits, totals \$106,416. An administrative assistant has also been added to increase efficiency. This position will be stationed at the front desk, giving

citizens access to the department after hours when police are out on patrol. The position will cost \$31,200, plus TMRS and benefits. Total enhancements for this category are \$137,616.

A criminal investigation sergeant has also been budgeted at a salary of \$66,660, including associated TMRS and other benefits. This will help to fill out the division, and provide the resources needed for the department to function adequately.

A building inspector is also budgeted in 2018-19 at a cost of \$55,000, plus benefits, TMRS, and a City vehicle to facilitate a growing need in the community. With all the new growth the City is experiencing, our current building inspector is at capacity. The addition of another building inspector will also increase the City's inspection revenue. The expansion of the City into newly annexed territory brings an increased need for inspections, which in turn will fill City coffers.

There is also a warrant officer position included in the 2018-19 budget at \$60,000, plus TMRS and benefits. The warrant officer will also serve as the bailiff at the City Hall. Additionally, the warrant officer should generate revenue as they track down warrants (of which there is close to \$1 million outstanding). This position is one that will be continually assessed with regard to revenue generation, and, should it not prove to be financially fruitful, it will be evaluated for removal, with replacement by a police officer to serve as bailiff.

An additional two recreational programmer positions are budgeted for 2018-19 at the cost of \$70,720, plus TMRS and benefits. These two new positions are to support the strategic focus of the City as there is a transition to quality of life services and parks. These two individuals will help to coordinate recreational programs and other such activities at the parks.

Supplies & Materials

Supplies & Materials will increase by 24.7%, or \$171,595, over the prior year 2017-18 projected year-end actuals. This increase is due to the growth of the City and the increasing need for certain supplies and materials such as new computers.

Repairs & Maintenance

Repairs & Maintenance costs will see a decrease of 3.2% over 2017-18 projected year-end actuals as a new ISF was created to handle building repair and maintenance costs. Overall building and repair maintenance costs for the City will increase due to construction of new buildings; however, the increase is small given new additions will require less in repairs than some aging buildings. As such, on a City-wide basis, the repair and maintenance expenses will stay relatively flat.

Other Services & Charges

Other Services & Charges make up the second largest expense of the General Fund. Fiscal year 2018-19 will reflect an increase of 21% over 2017-18 projected year-end actuals. Increases are expected in this category due to increases in the overall needs of the City, such as more personnel, and an ever-increasing demand on infrastructure, to include more information technology. Additionally, more contracted services will be needed as the City continues to grow, and until such services can be brought in-house. Also included in this category is the City Council stipend that was added this year, which will see a full year in 2018-19.

Capital Outlay

Capital Outlay costs see an increase of 33.2% or approximately \$123,750 over 2017-18 projected year-end actuals. A majority of the capital outlay costs are a result of the lease/purchase of six new police vehicles, as well as an additional vehicle to be leased for the building inspector. The police vehicles will be for new patrol and CID. New leases are in addition to the existing ones.

Transfers Out

Transfers Out consist of transfers to the Debt Service Fund in the amount of \$12,837, to the Streets & Drainage Fund in the amount of \$38,863, to the General Capital Replacement Fund in the amount of \$20,000, Internal Service Fund in the amount of \$142,576, General Capital Improvement Fund in the amount \$477,600 and to the Utility Fund in the amount of \$70,000 for completion of projects. Totaling in the amount of \$761,876 in transfers out.

Department Enhancements – General Fund

As part of the budget process, departments submit not only a base budget, but they include enhancement requests that are in addition to their base budget. These enhancements include personnel, equipment, projects and programs. The following is a list of enhancements by department, a brief description, and departmental justification for the enhancement.

City-Wide

Description: All employee increase 3% in merit/market pay.

Justification: To remain competitive with benchmark cities and to pay for performance, which is in alignment with the newly adopted Strategic Plan.

Municipal Court

Description: Warrant Officer

Justification: A warrant officer is needed to collect on outstanding warrants, as well as to serve as bailiff at the future City Hall. In order to be conservative, no revenue was budgeted; however, with expected collection on outstanding warrants, this position is anticipated to pay for itself. Additionally, this position includes increases for all associated expenses (e.g. clothing, fuel, mileage, etc.).

Building Inspection

Description: Building Inspector

Justification: With the tremendous growth of the City, our single building inspector has reached capacity. Furthermore, the City is anticipating that additional duties related to taking on certain inspections within the extraterritorial jurisdiction enhances justification for the need of an additional building inspector. This position will generate sufficient revenue to offset the costs of the position.

Engineering

Description: Two Vehicles (leased)

Justification: As the Engineering Department has expanded there is a greater need for more vehicles. Some individuals will relinquish their vehicle stipend and received a City vehicle instead.

Parks & Recreation

Description: Two Lift Mowers

Justification: As the parks are expanding and new grounds are being acquired, it logically follows that more equipment will be needed for maintenance. As such, two lift mowers are being proposed.

Description: Two Recreation Programmers

Justification: The City is expanding, and to enhance the quality of life, we propose hiring two more recreation programmers in order to organize new programs and recreational activities for the City.

Public Safety

Description: Administrative Assistant

Justification: We propose this position to be stationed at the front desk, giving citizens access to the department after hours when police are out on patrol.

Description: Two Additional Police Officers

Justification: To address the growing needs of the City and to stay ahead of increasing criminal activity as a result of said growth. Included with this enhancement are the associated costs (e.g. fuel and mileage, uniforms, capital lease for the police vehicle, etc.).

Description: Increased Training Budget

Justification: To address the needs of the increasing number of police officers, and to ensure they are adequately trained to handle all emergency needs.

Description: Radio Replacement

Justification: This enhancement will replace 10 existing XTL5000 radios as the second part of a multi-phase replacement schedule to ensure radios remain P25 and GATRS compliant (Williamson County and FED requirements). Current life-cycle of radio support ends 2019.

Description: Three (3) Replacement & New Vehicles

Justification: Lease a total of three vehicles to be provided to the additional new Patrol Officers, and the Criminal Investigations Sergeant.

Fund Description

The General Debt Service Fund tracks revenue from the ad valorem property tax levy for payment of debt issued for general governmental functions, such as streets, parks, and facilities. The payment of principal and interest is paid through this fund.

Revenues

Revenues are comprised of property tax collections based on the interest and sinking portion of the City's tax rate. The Fiscal Year 2018-19 interest and sinking (I&S) portion of the tax rate will be \$.1258715 per \$100 valuation. This rate will generate \$2,329,857 in property tax revenue, and is an increase over the 2017-18 revenues due to an increase in taxable property and the issuance of additional debt of \$25 million. The interest and sinking tax rate is calculated based on annual debt service requirements.

Expenses

Expenditures include principal and interest payments for the bond obligations. Debt service payments will increase in coming years as a result of bonds issued in prior years. This increase is due to the need for debt issuance in order to provide infrastructure for a rapidly growing community.

Budget Variances

Revenues exceed expenses for this fund as a result of the City using additional revenue to maintain one-twelfth of debt service in the fund balance per requirements. Increases in future taxable values (as well as increases to the City's I & S rate, when necessary) will offset debt service payments in subsequent years.

GENERAL CAPITAL REPLACEMENT FUND

Fund Description

The Capital Replacement Fund sets aside funds to replace aging equipment and worn capital assets, including vehicles and equipment. Proceeds from the sale of capital assets are deposited in this fund for the replacement of future capital assets. A portion of an asset's value is set aside each year to build up the cost of replacing the asset. The amount reserved for replacement is based on the asset's cost and useful lifespan.

Revenues

Revenues represent transfers in from the General Fund. Pursuant to our contract with the YMCA, the City of Hutto is required to set aside \$20,000 for YMCA Building Repair and Maintenance.

Expenses

The only allocated expenses are related to the YMCA Building Repair and Maintenance. The remaining fund balance, outside of the \$20,000 building repair and maintenance fund, is being transferred back to the General Fund to help meet fund balance and debt service requirements.

Budget Variances

As revenues for the City increase, the fund balance will continue to grow over the next couple of years, and monies will begin to be set aside once again.

Fund Description

The General CIP Fund is a minor governmental fund used by the City to account for the City's general capital improvement projects, including streets, facilities, and park improvement projects. Projects are funded through a combination of transfers in from the General Fund, interest and bonds.

Revenues

Total Revenues are \$151,275, which includes grants in the amount of \$147,975 funding the TAP Limmer Loop project. Other revenues include interest and bond interest of \$3,300.

Expenses

Ongoing expenses total \$3,870,950 and include current City Hall reconstruction for police, Co-Op Improvements, CR II9 extension payment and TAP Limmer Loop sidewalk project with TxDOT.

Budget Variances

Fund balance for this fund will fluctuate depending on the timing of projects and bond issuances.

Fund Description

The Streets, Drainage and Grounds Construction Fund was a newly created fund for the 2017-18 budget. The Streets, Drainage and Grounds Construction Fund is a minor governmental fund used by the City to account for the City's capital improvement of streets, drainage, and park improvements. This fund and related projects are funded through bonds. Each year, the City Council determines which streets will be reconditioned.

Revenues

This is a new fund created to address streets, drainage, and park issues that are considered more than simple maintenance. Revenues will come from bond proceeds issued for road improvements, as well as a \$4 drainage fee charged to all sewer customers for drainage improvements.

Expenses

Expenses include personnel and materials needed to fund the repair for streets and drainage areas. The specialized type of work required for the construction and maintenance of streets and drainage requires someone with expertise in the field and special supplies that are costly.

Budget Variances

Fund balance for this fund will fluctuate depending on the timing of projects and bond issuances.

Department Enhancements – Streets & Drainage

Description: Two Additional Street Maintenance Technicians

Justification: Additional personnel will be needed to address the needs of the growing City.

Description: Leasing of a Water Truck

Justification: The water truck will be needed (as it is currently being contracted out), as it would be a cost savings to acquire one for the City.

Ending Fund Balance	319,836	257,336	257,336	337,089	1,246

Fund Description

The Solid Waste Fund was created to account for the City's solid waste services. All expenses associated with the City's garbage and recycling services are included in the fund.

Revenues

Revenues for the fund include the new rates, per the negotiated contract for curbside and recycling services. In addition, the City charges a franchise fee to refuse collection companies that offer commercial services to businesses in Hutto. All commercial services were taken over by Al Clawson Disposal, Inc. as of July 2017.

Expenses

In December 2015 the City entered into a contract with Al Clawson Disposal, Inc. to be the sole provider for residential and commercial garbage services. By shifting services to a single provider, the City is able to reduce costs for residential and most commercial customers. The contract helps the City reach its strategic goal of 100% recycling.

Budget Variances

\$445,000 is budgeted in 2018-2019 in transfers out to help pay for the utility debt service payment.

Fund Description

The Utility Fund accounts for the City's Water and Wastewater Enterprise. It functions as a proprietary fund, which operates more like a business. The budget for the Utility Fund, however, uses a modified accrual basis of accounting. Reserves for the Utility Fund are maintained at 20% of the operating budget per the Fiscal and Budgetary Policy.

Revenues

Utility operational revenues total \$12.0 million, which is 13% above the 2017-18 projected year-end actuals. The increase is a result of customer growth due to new home, business, and commercial construction, as well as a 25% increase in the wastewater rates that was implemented March 1, 2018. The current housing boom will add new water and wastewater customers to the City's utility system, though a portion of new homes will be serviced by Jonah SUD as they are outside of the City's water service area. The new Innovation Business Park and Co-Op Entertainment District will also increase the consumption of both water and wastewater, adding another revenue component. The number of accounts is expected to grow at approximately 11% for both water and wastewater during the next year.

Water Revenues

Water revenues make up the 2nd largest majority of the Utility Fund operating revenue, totaling \$5,163,260. Water revenue is revenue collection for the provision of water to utility customers. This is an increase of 11% over the 2017-18 projected year-end actuals and is due to anticipated customer growth and average use.

Wastewater Revenues

Wastewater revenues are the largest share of the Utility Fund revenue and are budgeted to total \$5,406,276, a 17.0% increase over 2017-18 projected year-end actuals. The City implemented a rate increase of 25% in March 2018. The City has more wastewater connections than water connections because water may be provided by Jonah SUD depending on the service location. The City also acts as a wholesale wastewater provider to customers located in Jonah's service area north of Limmer Loop.

Impact Fees

Impact Fees (shown as "Transfers In") help cover the impact of new growth on the utility system. Impact fees are collected in the Impact Fee Fund and are transferred to the Utility Fund to help offset debt service payments. Impact fees help shift the financial burden of

constructing infrastructure for new growth from existing customers to the new growth that is prompting the infrastructure improvements. Collections are expected to total \$1,504,800 based on new construction trends, anticipated growth, and the utility rate model.

Connection Fees

Connection fees represent the cost of connecting new customers to the City's utility system. The fee is calculated based on the cost of the meter and the end point, in addition to time and equipment needed to set the meter. Connection fees are conservatively budgeted to increase over the 2017-18 projected year-end actuals. Connection fees are only collected when the City of Hutto provides service to the home. Water connection fees would not be collected for homes that are constructed in the Jonah SUD service areas.

Other Revenue

Other revenue is made up of interest, miscellaneous income, and account administrative and late fees. The City had received \$100,000 annually from the Hutto Economic Development Corporation from an agreement that led to the extension of water and wastewater utilities along the eastern SH 130 corridor; however, this agreement of payment was cancelled in 2017-2018. Additionally, no future bonds are expected for the Utility Fund.

The number of City water customers has grown an average of 4.58% over the past five years. The number of total accounts is expected to grow by 6% in the 2018-19 budget year as a result of the new commercial and residential customers. The City continues to provide wholesale wastewater service to approximately 1,030 wastewater customers north of Limmer Loop. This number continues to grow as both the Hutto Highlands and Hutto Park subdivisions continue to expand and grow.

Expenses

Utility Fund expenses are the costs associated with the provision of water and wastewater services to Hutto customers. The Utility Fund includes eleven full-time water and wastewater employees whose salary and benefit costs are evenly split between the two divisions, as well as two meter technicians, five customer service personnel, a general services manager. The 2018-19 Utility Fund operating budget totals \$5,090,385. When including the capital improvement budget of \$6,532,851, to the Utility Fund, expenses subtotal \$11,623,236 plus non-departmental expenses of \$69,738 for total expenses of \$11,692,974. There is an additional transfer out of \$7,501,242, which is offset by a transfer in of \$3,739,800 from the Impact Fee Fund, Park Fund and Solid Waste Fees. This number will fluctuate based on the growth of the City.

Water services, totaling \$1.7 million, and wastewater services, totaling \$2.4 million, make up the largest portion of operating expenses because of water supply agreements. The 2018-19 water service budget will decrease over 20% from the 2017-18 projected year-end actuals due to the cancellation of the Manville water contract, while the wastewater service budget will increase 3.8% due to overall growth.

Enhancements include in point meters and water tank maintenance. All enhancements included in the Utility Fund are for increased productivity and investment in infrastructure.

Budget Variances

The enhancements for the in point meters and water tank maintenance are the difference between the FY 2018-19 Budget and the 2017-18 projected year-end actuals amounts. Additionally, the City currently purchases treated water from the City of Taylor and Manville, with the Manville contract ending at the end of fiscal year 2017-18.

Transfers Out

There is a total transfer out of \$7,501,242 of which includes \$7,308,666 for utility debt service, \$50,000 to the Utility Capital Replacement Fund and 142,576 for internal service fund.

Utility Fund Enhancements

Description: In Point Meters

Justification: Replacement of meters and new meters to keep up with the population growth.

Description: Water Tank Maintenance

Justification: Maintenance required for compliance with TCEQ regulations.

Ending Fund Balance	56,628	31,764	31,764	58,693	61,193

Fund Description

The Utility Debt Service Fund tracks the revenue set aside for the retirement of certificates of obligation issued for utility improvements. The fund also tracks the payment of principal and interest for outstanding bond obligations. Utility debt service is paid using revenues generated by the provision of water and sewer service. The approximate amount needed to pay principal and interest related to the City's indebtedness is transferred in from the Utility Fund.

Revenues

Revenues are transferred in from the Utility Fund totaling \$7,308,666, which is an increase from the 2017-2018 budget. A portion of the debt service is paid using impact fees that are received from eligible capital projects. The majority of the Debt service requirements are paid using water and wastewater user fees and other collected revenue.

Expenses

Debt service payments are generally made in February and August of each year. Expenses include principal reduction of \$2,600,934 and interest of \$4,702,732 on existing obligation. The increase in overall expenses for the proposed budget year 2018-2019 over 2017-18 is due to the increase in payments for the 2017 bonds that were issued to purchase the Heart of Texas Water System.

Budget Variances

Only the annual debt service requirement is transferred to the Utility Debt Service Fund each year. The Debt Analysis section provides more information regarding the City's outstanding and proposed debt issuances.

Ending Fund Balance	300,000	350,000	350,000	350,000	400,000

Fund Description

The Capital Replacement Fund was created to track the cost of replacing aged and worn capital assets, including vehicles and equipment, and to begin setting aside funds to replace aging equipment. A portion of the asset's value is set aside each year to build up the cost of replacing the asset. Proceeds from the sale of capital assets will be deposited in this fund for the replacement of future capital assets. The amount reserved for replacement is based on the asset's cost and useful lifespan.

Revenues

Revenues represent transfers in from the Utility Fund. A transfer of \$50,000 from the Utility Fund to the Utility Capital Replacement Fund is budgeted for 2018-19.

Expenses

Expenses will include replacement equipment and machinery used by the City's utility system. The City plans to build up the fund balance to be used to replace aging and worn capital assets.

Budget Variances

This fund is expected to increase over the next few years as the City sets aside funds to replace aging assets.

Beginning Fund Balance	-	-	-	-	-
Ending Fund Balance	-	-	-	-	-

Fund Description

The Impact Fees Fund is used to manage the collection and use of impact fees for the City's water and wastewater capital improvement projects. The City began collecting impact fees in the fall of 2006. The Impact Fee Study was last conducted in 2013. The City transfers collected impact fees to the Utility Fund to help pay for debt service related to capital projects. Any fund balance left at the end of the year is due to the timing of collections.

Revenues

Revenues are calculated based on anticipated development of subdivisions and commercial sites. Impact fees are assessed at the time a property is platted and paid at the time the building permit is issued. Impact fee collections are expected to increase in line with the increase in new growth currently occurring in Hutto. The City currently assesses the following impact fees:

For lots platted prior to Feb. 2013:

Water - \$3,625 per service unit equivalent

Wastewater - \$2,128 per service unit equivalent

For lots platted after Feb. 2013:

Water - \$4,363 per service unit equivalent

Wastewater - \$1,068 per service unit equivalent

Expenses

Eligible impact fee collections will be transferred to the Utility Fund to support eligible debt service payments.

Ending Fund Balance	36,826	170	170	26,547	5,900

Fund Description

The Court Fees Special Revenue Fund tracks fees that are allowed to be collected on certain Class C misdemeanors in municipal court. These fees must only be used for specific purposes outlined in the law, including court security, court technology, and court training.

Revenues

Court fees are special municipal court revenues collected in accordance with state law to enhance court security, technology, and training. A total of \$12,600 has been budgeted for 2018-19.

Expenses

The special revenues may only be used for expenses related to Court technology, security, and training. The budget reflects using the full balance of each of the funds each year to give the staff the flexibility to use the funds as needed. Court Security Fund was used in 2014 to implement a Warrant Officer program with great success. This program was designed to raise fine collections and reduce the cost of outside resources. The City is also obtaining a warrant officer for 2018-19 (to be included in the municipal court budget) to help collect warrant that are have been outstanding.

Ending Fund Balance	217,859	204,859	117,859	67,746	62,746

Fund Description

The Hotel Occupancy Tax Fund was created in 2008 to better manage revenue and expenses related to the hotel occupancy tax collected by the City of Hutto. State law stipulates special restrictions for the expenditure of hotel occupancy tax revenue. The City Council adopted a Hotel Tax Use Policy in 2009 defining how hotel tax revenues may be used. The policy stipulates that funds may be used for any of the follow functions, so long as the action aids in bringing overnight tourists to Hutto:

- Convention and Visitor's Bureau functions - 15%
- Promotion of the Arts - 15%
- Historical Restoration and Museums - No limit
- Sporting Event Promotion - No limit
- Enhancement of Existing Sports Facilities - No limit
- Signage (directional signage for tourists) - No limit

Revenues

Revenues represent the 7% hotel occupancy tax allowed by state law. The City's first major hotel opened in 2008. A second hotel opened in 2015, increasing the City's hotel tax collections.

Expenses

The City implemented a Hotel Tax Use Policy in 2009 to outline how hotel/motel tax revenues may be used in accordance with state law. In 2014 the Hotel Tax Use Policy was amended to allow for businesses intending to promote the City of Hutto to visitors through a public project or event to also apply for funding. The application process has been revised to have applicants apply during a designated time annually rather than throughout the year, allowing for improved budgetary planning and further clarification to applicants. The application packet has also been modified to include a cover letter, overview, checklist, application revisions, a copy of Chapter 351 of the Texas Tax Code, and a lodging directory. Funding is at the discretion of the City Council. The downtown and tourism manager oversees the use of the funds in accordance with state law and city policy.

For FY 2019 \$5,000 will be spent on Convention and Visitor's Bureau programs, the same as was spent in the prior year budget. The fund supports expenses incurred on a webpage for Hutto on www.TourTexas.com, which allows the City to receive visitor leads and mail brochures when requested. The Economic & Convention Department utilizes the additional funding for printing brochures, online banner ads on Tour Texas, as well as other placed ads (such as in the Houston House & Home), to market events such as Christmas Fair/Old Town Christmas Weekend and the Home & Garden Show. In the 2017-18 projected year-end budget and 2018-19 budget (through a transfer to a Special Events Special Revenue Fund), the City has committed \$250,000 to promote the KOKEFEST. The first festival was held in August 2017 and brought more than 7,000 attendees to the City. The City and KOKE FM committed to a seven-year agreement to continue the festival, and it will proceed for six more years. The first year the event was held at the Co-Op, and beginning in 2018 it will continue at the newly acquired park property on Brushy Creek, which will house a new amphitheater for subsequent KOKEFEST events.

PEG FUND

Ending Fund Balance	81,790	88,090	88,090	97,790	109,385

Fund Description

The Public Education and Government Channel Fund (PEG Fund) accounts for cable franchise fee payments used for the provision of a public educational and governmental access channel in accordance with state law.

Revenues

The City of Hutto, through a state franchise agreement, receives franchise fees equal to 1% of gross cable provider revenues to support certain expenses in providing a public access channel. The estimated 2018-19 revenue of \$37,595 is a conservative estimate in growth based on historical revenue. The City is currently conducting a franchise fee revenue audit in conjunction with Lloyd Gosselink, the City's Joint Advisory Committee Attorney, and approximately 30 other cities.

Expenses

Use of PEG revenues is regulated by state law. In short, the franchise fee may be used to pay capital costs associated with operating a public access channel.

RED LIGHT CAMERA FUND

Ending Fund Balance	95,947	90,947	90,947	88,180	78,180

Fund Description

The Red Light Camera Fund tracked revenues and expenses associated with the City's former red light cameras. The City no longer uses the red light cameras due to ongoing statewide litigation and questions regarding the legality of red light cameras.

Revenues

The City of Hutto is no longer receiving revenue since this program has been discontinued.

Expenses

There are still some attorney service fees coming through this fund for defending the red light camera lawsuits.

INTERNAL SERVICE FUND

	2016-17 ACTUAL	2017-18 BUDGET	2017-18 AMENDED	2017-18 PROJECTED	2018-19 BUDGET
Expenditures

Net Change In Fund Balance	-	-	-	-	(285,152)
Beginning Fund Balance	-	-	-	-	-
Ending Fund Balance	-	-	-	-	-

Fund Description

The Internal Service Fund is being created in 2018-19 and is the fund used to account for fleet and building maintenance. These costs are then allocated to the other departments at year end based on vehicles used and on square footage used by each department.

Revenues

No revenues are associated with this fund as it is an internal service fund that will have its expenses allocated at year end.

Expenses

Expenses consist of janitorial staff, a fleet manager, and associated supplies and materials required to appropriately track the fleet of vehicles and care for the buildings.

	-	-	-	-	-
Beginning Fund Balance					
	-	-	-	-	-
Ending Fund Balance					
	-	-	-	-	-

Fund Description

The Special Events Fund is a special revenue fund used to account for the large events that are to be revenue generators at the new amphitheater that is being constructed at the new park at Brushy Creek. These events should be able to self-sustain themselves, and, as such, a new fund was used to track each in order to determine profitability with regard to cash flows for each of the events.

Revenues

Revenues will consist of ticket sales, parking fees, fees charged to vendors and others to sell goods at the events, as well as all other types of revenue associated with events such as concerts. Additionally, the Hotel Occupancy Tax Funds will be transferred over in the amount of \$250,000 to fund the KOKEFest each year.

Expenses

Expenses will be comprised of the necessary costs of concerts and events, including talent acquisition, staging needs, staffing, policing, etc.

Fund Description

The Park Improvement Fund is used to account for funds received and expended for purchase of land, improvements, and construction of parks and recreational facilities.

Revenues

Revenues will consist of parkland fees received for use of the parks by large organizations.

Expenses

Expenses will be comprised of the necessary costs associated with purchase of the land, improvements, and construction of parks and recreational facilities.

ENHANCEMENTS

ENHANCEMENTS

The 2018-19 budget includes \$1.28 million for personnel, equipment, and merit increases. During the budget process, departments turn in a base budget for the fiscal year, along with enhancement requests. Enhancements are considered items that would be above and beyond a base, or flat budget. Enhancement requests can be in the form of additional personnel, new programs or projects, new equipment, and new vehicles. Enhancements are reviewed and vetted by City management, the Finance Department, and department heads to determine if requested increases are in the best interest of the City. General Fund enhancements total \$590,729. Internal Service Fund enhancements include \$91,184 in personnel. Utility Fund enhancements total \$126,000. Streets, Drainage and Grounds Maintenance Fund enhancements total \$104,487.

ORGANIZATIONAL CHART FOR THE CITY

ORGANIZATIONAL CHART FOR THE CITY

FISCAL & BUDGETARY POLICY

FISCAL AND BUDGETARY POLICY

Amended February 1, 2018

OVERVIEW AND STATEMENT OF PURPOSE

The City of Hutto has an important responsibility to its citizens and customers to carefully account for public funds, to manage City finances wisely and to plan for the adequate funding of services desired by the public.

The broad purpose of the Fiscal and Budgetary Policy is to enable the City to achieve and maintain a long-term stable and positive financial condition, and provide guidelines for the day-to-day planning and operations of the City's financial affairs. The City's financial management, as directed by this Policy, is based upon the foundation of integrity, prudent stewardship, planning, accountability and full disclosure.

Policy scope generally spans areas of financial planning, operating and capital budgeting, revenue management, expenditure control, asset management, pay philosophy, accounting and financial reporting, debt management, and reserves. This is done in order to:

- A. Demonstrate to the citizens of Hutto, the City's bond holders, other creditors and the bond rating agencies that the City is committed to a strong fiscal operation;
- B. Provide a common vision for financial goals and strategies for current and future policy-makers and staff;
- C. Fairly present and fully disclose the financial position of the City in conformity to Generally Accepted Accounting Principles (GAAP); and
- D. Demonstrate compliance with finance-related legal and contractual issues in accordance with the Texas Local Government Code, bond covenants and other legal mandates.

The City Council will annually review and adopt the Fiscal and Budgetary Policy.

FINANCIAL PLAN

Budgeting is an essential element of the financial planning, control and evaluation process of municipal government. Multi-year budgeting provides a means to identify the impact of implementing new programs and projects on future budgets. The Financial Plan is the City's long range operations and capital plan. The plan includes all of the operating departments of the General Fund and Utility Fund as well as the capital improvement funds of the City. The plan is reviewed and updated annually.

- A. **Capital Improvements Program** – The Capital Improvements Plan (CIP) outlines the major utility infrastructure, streets and drainage, facilities, parks, and other improvements needed to serve the citizens, maintain existing infrastructure and facilities, meet growth related needs and comply with state and federal regulations.
 - I. Preparation – The City Engineer, with the support of the Finance Department, coordinates the annual update and adoption of the multi-year CIP as a part of the annual budget process. In accordance with the City Charter (Charter, section 12.03), the CIP will be delivered to the Planning and Zoning Commission, so that P&Z recommendations may be included and presented to City Council. The CIP includes all costs associated with the design, rights of way, acquisition and construction of a project, as well as the estimated operating and maintenance

costs, which impacts future operating budgets. The following guidelines will be utilized in developing the CIP:

- Needed capital improvements and major maintenance projects are identified through life cycle system models, repair and maintenance records, and growth demands.
 - A team approach will be used to prioritize CIP projects, whereby City staff from all operational areas provide input and ideas relating to each project and its effect on operations.
 - Citizen involvement and participation will be solicited in formulating the capital budget through website solicitation.
 - City Master Plans
2. Financing Programs – Where applicable, impact fees, assessments, pro-rata charges or other fees should be used to fund capital projects which have a primary benefit to specific, identifiable property owners. Factors related to the issuance of debt will include the following: a.) legal constraints on debt capacity and financing alternatives, b.) essentiality of the proposed capital improvement and the economic cost of delay, c.) willingness and financial ability to pay for the capital improvement, d.) determination of the ability to fund through a pay-as-you-go system, e.) assess current interest rate environment for borrowing and investment, as well as other market conditions, and reserve requirements, f.) financial condition of the City, g.) the types, availability and stability of revenues to be pledged for repayment of the debt, h.) type of debt to be issued, and i.) the nature and asset life of the capital projects.
 3. Control – All capital project expenditures must be appropriated in the capital budget. The Chief Financial Officer or City Manager must certify the availability of resources before any right of way easement is negotiated or before any capital project contract is presented to the Council for approval.
 4. Reporting – Periodic financial reports will be prepared to enable the Department Directors to manage their capital budgets and to enable the Finance Department to monitor and control the budget as authorized. Capital project status reports will be provided to Council on a quarterly basis.
- B. Operations Plan** – The plan will include estimated operating expenses, the cost of new programs being contemplated, and staffing needs for the multi-year period.
- C. Revenues and Financing Plan** – The Finance Department will develop conservative, multi-year revenue forecasts based upon current and known future revenue streams. The Plan will illustrate the impact of the Capital and Operations Plan on the property tax rate, utility rates and other fees. Sensitivity analyses may be used in order to react to low-medium-high growth environments that would allow for more aggressive investment in infrastructure and conversely time to react to economic slowdown.
- D. Performance Measures** – Department Directors will develop program performance measures to evaluate the impact of new programs and growth on the departments. Existing programs will also be evaluated as a part of the multi-year planning process and annual budget process to determine whether certain

programs should continue to be funded. ICMA Insights program participation will be utilized to establish, track, and compare performance measures.

ANNUAL OPERATING BUDGET

Budgeting is an essential element of the financial planning, control and evaluation process of municipal government. The "operating budget" is the City's annual financial operating plan. The annual budget includes all of the operating departments of the general fund, proprietary funds, debt service funds, special revenue funds, and capital improvement funds of the City.

- A. Planning** – The budget process will include City Council participation in the identification of major policy issues. The budget process will be a part of an overall strategic planning process for the City. The process will also allow for citizen input.
- B. Preparation** – The Charter (Section 8.02) requires "On or before the 15th day of August each fiscal year, the City Manager shall submit to the City Council a budget for the ensuing fiscal year and an accompanying message." The budget shall be adopted not later than the last day of the last month of the fiscal year.
 - 1. Proposed Budget** – A proposed budget shall be prepared by the City Manager and delivered to the City Council per the City Charter.
 - a. In accordance with the Charter (Section 8.04), the budget shall provide a complete financial plan for the ensuing fiscal year, in a form the City Manager or Council deems desirable, and the budget shall include goals and objectives, a capital budget, enterprise funds and appropriations.
 - b. In accordance with the Charter (Section 8.05), the City will publish in a newspaper of general circulation in the City and on the City website a general summary of the budget, as well as the times and places that the budget is available for public inspection, no less than two weeks after the publication.
 - c. A copy of the proposed budget will be filed with the City Secretary when it is submitted to the City Council, which must be at least 30 days prior to the vote.
 - 2. Adoption** – City Council will hold a public hearing, and subsequently adopt by Ordinance the final budget. The budget will be effective for the fiscal year beginning October 1st.
 - 3. Standards for Publication** – The City will utilize the criteria outlined in the Government Finance Officers Association (GFOA) Distinguished Budget Program for the presentation of the budget document. The budget document will be submitted annually to the GFOA for evaluation and consideration for the Distinguished Budget Presentation Award.
 - 4. Budget Calendar** – The timeline for budget adoption is guided by City Charter and state Truth in Taxation laws. The deadline for the chief appraiser to certify rolls to taxing units is July 25. After certification, City Council must discuss the tax rate, and if the maximum rate they will consider adopting will exceed the rollback rate or effective tax rate, they must take a record vote and schedule a public hearing. If required, Notice of Public Hearing on Tax Increase must be published at least 7 days before the first public hearing. If required, the second public hearing must be no earlier than 3 days after the first public

hearing, and is also when the meeting to adopt tax rate will be scheduled and announced (must be 3-14 days from this date). Notice of Tax Revenue Increase must be published before the meeting to adopt tax rate (at least seven days, if available). The meeting to adopt tax rate must be held 3-14 days after the second public hearing, and the tax rate must be adopted before September 30.

- C. Revenue Estimates** – In order to maintain a stable level of services, the City shall use a conservative, objective and analytical approach when preparing revenue estimates. The process shall include the analysis of probable economic changes and their impacts on revenues, historical collection rates and trends in revenues. This approach should reduce the likelihood of actual revenues falling short of budget estimates during the year, which could otherwise result in mid-year service reductions.
- D. Balanced Budget** – The goal of the City is to balance the operating budget with current revenues, whereby, current revenues match and fund on-going expenditures/expenses. Excess balances in the operating funds from previous years may be used for non-recurring expenditures/expenses or for capital expenditures.
- E. Reporting** – Summary financial reports will be provided to the City Council monthly and presented to City Council during a regular City Council meeting quarterly, at a minimum. These reports will be in a format appropriate to enable the City Council to understand the overall budget and financial status.
- F. Control and Accountability** – Each Department Director, appointed by the City Manager, will be responsible for the administration of his/her departmental budget. This includes accomplishing the Goals and Objectives adopted as part of the budget and monitoring each department budget for compliance with spending limitations. Department Directors may request a transfer of funds within a department budget. All transfers of appropriation or budget amendments require either City Council or City Manager approval as outlined in Section V.C. Further expenditure control guidance is located in Section V of this policy.
- G. Budget Amendments** – The *Charter (Section 8.07)* provides a method to amend appropriations. The City Council may authorize:

 - 1. Supplemental Appropriations – If the City Manager certifies that revenues are available in excess of those estimated in the budget, an amendment ordinance may be prepared for City Council approval.
 - 2. Emergency Appropriations – To meet public emergency affecting life, health, property, or the public peace, or to avoid a material cost or public expense, the City Council may adopt an emergency appropriation.
 - 3. Reduction of Appropriations – If at any time during the fiscal year it appears probable that expected revenues will be insufficient to finance expenditures for which appropriations have been authorized, the City Council may adopt an ordinance to reduce appropriations.
- H. Contingency Appropriations** – The budget may include contingency appropriations within designated operating department budgets. These funds are used to offset anticipated but amount unknown expenditures, unexpected maintenance or other

unanticipated expenses that might occur during the year, including insurance deductibles, unexpected legal expenses, and equipment repairs.

- I. Outside Agency Funding – The City Council may fund a number of outside agencies and organizations that provide core services for the citizens of Hutto. The amount of funding received by each agency depends upon Council direction and the availability of funds. The City Council may fund up to 0.75% of the estimated General Fund revenues during the budget process.
- I. Funding Process - All agencies shall have a standardized process for application, review, monitoring, and reporting. All agencies are required to submit applications for funding to the City during the budget process. Applications will include the following:
 - a. Information about the organization including organization's purpose, charter, board of directors, etc.
 - b. Copy of organization's financial policies.
 - c. Copy of prior year's tax filing demonstrating non-profit status.
 - d. Copy of prior year's audit or financial review for organizations whose operating budget exceeds \$100,000 annually.
 - e. Agencies will need to provide a list and description of what the funding from the prior year was used for and program measures that indicate the increased success of the program due to the funding.
2. Funding of non-profit agencies through public funds require enhanced guidelines for spending and operations which shall include:
 - a. Funding will typically be used for specific programs, rather than for general operating costs, and demonstrates the program's sustainability beyond a three-year funding period.
 - b. The City shall have the ability to review financial reports to monitor how public funds are utilized by an organization.
 - c. Other items may be addressed by the City Council as specified in each organization's Outside Agency Funding Agreement.
3. The Williamson County Crisis Center (Hope Alliance), Williamson County Children's Advocacy Center, Emergency Service District (ESD) #3, and the Williamson County and Cities Health District will be considered a budgeted line-item. All other outside agencies and organizations will go through the Outside Agency Funding process.
4. The City Council will review requests from other agencies and award based upon available funding. Applications will be evaluated on the following criteria:
 - a. Number of Hutto citizens served by the organization;
 - b. Type of service provided and whether other organizations in the community provide the service;
 - c. Availability of other funding sources for the organization;
 - d. Demonstration of ability to adhere to the guidelines outlined by this policy;

- e. The City Council prefers to allocate funding based upon the following guideline:
 - Education – 10%
 - Quality of Life – 30%
 - Social Services – 60%
 - Public Health and Safety – The City Council may provide additional funding above the designated 0.75% to support governmental organizations that provide public health and safety services to the Hutto Community. Examples include membership in the Williamson County and Cities Health District and financial support for Williamson County Emergency Services District #3.

All funded agencies shall be required to submit quarterly reports with performance data unless otherwise specified.

- J. Periodic Program Reviews – The City Manager and Department Directors will periodically review programs for efficiency and effectiveness. Programs not meeting efficiency or effectiveness objectives shall be brought up to required standards or be subject to reduction or elimination.
- K. Budget Contingency Plan – This policy is intended to establish general guidelines for managing revenue shortfalls resulting from factors such as local and economic downturns that affect the City's revenue streams.
 - I. Immediate Action – Once a budgetary shortfall is projected, the City Manager will take the necessary actions to offset any revenue shortfall with a reduction in current expenses. The City Manager may:
 - a. Freeze all new hire and vacant positions except those deemed to be a necessity.
 - b. Review all planned capital expenditures.
 - c. Delay all "non-essential" spending or equipment replacement purchases.
 - 2. Further Action – If the above actions are insufficient to offset the revenue deficit and the shortfall continues to increase, the City Manager will further reduce operating expenses to balance the variance. The City Manager may ask Department Directors for recommendations on reductions of service levels in order to reduce expenditures to balance the budget. Any resulting service level reductions, including workforce reductions, will be addressed by the City Council.

REVENUE MANAGEMENT

- A. Optimum Characteristics – The City will strive for the following optimum characteristics in its revenue system:
 - I. Revenue Adequacy – The City should require there be a balance in the revenue system; i.e., the revenue base will have the characteristics of fairness and neutrality as it applies to cost of service, willingness to pay, and ability to pay.
 - 2. Realistic and Conservative Estimates – Revenues will be estimated realistically, and conservatively, taking into account the volatile nature of various revenue streams.

3. Administration – The benefits of a revenue source should exceed the cost of levying and collecting that revenue. Where appropriate, the City will use the administrative processes of State, Federal or County collection agencies in order to reduce administrative costs.
 4. Diversification and Stability – A diversified revenue system with a stable source of income shall be maintained. This will help avoid instabilities in two particular revenue sources due to factors such as fluctuations in the economy and variations in the weather.
- B. Other Considerations** – The following considerations and issues will guide the City in its revenue policies concerning specific sources of funds:
1. Non-Recurring Revenues – One-time or non-recurring revenues shall not be used to finance current ongoing operations. Non-recurring revenues shall be used only for non-recurring expenditures and not for budget balancing purposes.
 2. Property Tax Revenues – All real and business personal property located within the City will be estimated at a collection rate of 98% of the taxable value for any given year based on the current appraisal supplied by the Williamson County Appraisal District.
 3. Investment Income – Earnings from investments will be distributed to the funds in accordance with the equity balance of the fund from which the monies were provided to be invested.
 4. User-Based Fees and Service Charges – For services associated with a user fee or charge, the direct or indirect costs of that service will be offset by a fee where possible. The City will review fees and charges no less than once every year to ensure that fees provide adequate coverage for the cost of services. The City Council will determine how much of the cost of a service should be recovered by fees and charges.
 5. Utility Fund Rates – The City will review and adopt utility rates as needed to generate revenues required to fully cover operating expenses, meet the legal requirements of all applicable bond covenants and provide for an adequate level of working capital.

Additionally, enterprise activity rates will include transfers to and receive credits from other funds as follows:

6. Administrative Cost Recovery – Administrative costs shall be charged to all funds for services of general overhead, such as administration, finance, customer billing, legal and other costs as appropriate. These charges will be determined through an indirect cost allocation following accepted practices and procedures.
 7. Revenue Monitoring – Revenues as they are received will be regularly compared to budgeted revenues, variances will be investigated and if material will be included in the quarterly report to the City Council.
- C. Funding Alternatives**

- I. Grants - The City shall seek to obtain grants which are consistent with the City's current and future priorities and objectives. The City Council must authorize acceptance of any grant funding. Potential grants will be examined for any matching requirements and the source of those requirements identified. Grant applications will be reviewed by Finance to ascertain funding sources, outcomes and other relevant information before the information is presented to the City Council. The City shall recover indirect costs to the maximum allowable by the funding source, and may waive or reduce indirect costs if doing so will significantly increase the effectiveness of the grant. Grant-funded programs and associated positions will be terminated as directed by the City Council when grant funds are no longer available, unless alternate funding is identified.
 2. Leases - The City may authorize the use of lease financing for certain operating equipment when it is determined that the cost benefit of such an arrangement is advantageous to the City.
 3. Impact Fees - The City will impose impact fees as allowable under state law for both water and wastewater services. These fees will be calculated in accordance with statute and reviewed at least every year. All fees collected will fund projects identified within the Fee study and as required by state laws.
- D. Liabilities and Receivables - Procedures will be followed to maximize discounts and reduce penalties offered by creditors. Current liabilities will be paid within 30 days of receiving the invoice. Accounts Receivable procedures will target collection for a maximum of 30 days of service. Receivables aging past 120 days will be sent to a collection agency. The Chief Financial Officer is authorized to write-off non-collectible accounts that are delinquent for more than 180 days, provided proper delinquency procedures have been followed, and include this information in the annual report to the City Council.

EXPENDITURE POLICIES

- A. Appropriations - The point of budget control is at the department level budget for all funds. The Department Directors shall manage budgets to ensure that appropriations are not exceeded. Budgets are approved by the Council within a departmental or program budget category (personnel costs, supplies, maintenance, operations/maintenance and capital).
- B. Central Control - No recognized or significant salary or capital budgetary savings in any Department shall be spent by the Department Head without prior authorization from the City Manager. This control will realize budget savings each year that will be available to be transferred by the City Manager, without further Council action.
- C. Budget Transfers - The *Charter* (Section 8.06) provides that the City Manager may transfer balances within departments and programs. A Department Director may request a transfer between line items or categories of items through the City Manager. Finance will make the adjustment upon approval from the City Manager.
- D. Purchasing - All City purchases of goods or services will be made in accordance with the City's current Purchasing Policy and with State law. In accordance with Texas Local Government Code, Subchapter B, Sections 252.021 and 252.043, the City shall make award to the lowest responsible bidder or to the bidder who

provides goods or services at the best value for the municipality. Council may delegate authority to a designated representative in determining the appropriate method of purchase. State law requires any purchase of goods or materials over \$50,000 be formally bid or procured through an approved cooperative. The City's Purchasing Policy follows State Law by requiring multiple quotes for most purchases over \$3,000. The City's Purchasing Policy requires all contracts greater than \$50,000 annually be approved by the City Council. The following shows a summary of approval requirements for purchases.

- I. Local Preference - In accordance with Chapter 271.905I of the Local Government Code, the City Council may choose to award a competitive bid of \$100,000 or less to a bidder whose principal place of business is in the City limits, provided that this bid is within 5% of the lowest bid price received from the lowest bidder whose business is not within the City limits. The determination that the local bidder offers the City the best combination of contract price and additional local economic development opportunities will be made in writing.
 2. Interlocal Cooperation in Delivery of Services – In order to promote the effective and efficient delivery of services, the City shall work with other local jurisdictions to share on an equitable basis the cost of services, to share facilities and to develop joint programs to improve service to its citizens.
 3. Conflict of Interest – The City will comply with all conflict of interest requirements as mandated by the Texas Government Code and Local Government Code.
- E. Prompt Payment – All invoices approved for payment by the proper City authorities shall be paid within thirty (30) calendar days of receipt of goods or services or invoice date, whichever is later in accordance with State law. The City will take advantage of all purchase discounts, when possible.

PAY PHILOSOPHY

The City's goal as an employer is to attract and retain quality employees who provide exemplary public service to our community in an effective and efficient manner.

- A. Adequate Staffing – Staffing levels will be adequate for the operations and programs of the City to be conducted efficiently and effectively. In order to provide continuing services to a growing population, as well as add new services, staffing levels will be evaluated by the City Manager regularly to determine workloads. Workload allocation alternatives, such as contract labor and contracted services, will be explored before adding additional staff.
- B. Market Adjustments – The City shall utilize salary survey data, as well as data from other benchmark cities, as a reference for making market-based adjustments. Market based adjustments are based upon the job duties and job descriptions of the position, not on performance of the employee within the position. City Council identified benchmark cities based on parameters such as population, proximity to Hutto, growth rate, and tax base. The cities selected are: Belton, Cedar Park, Cibolo, Georgetown, Kyle, Leander, Little Elm, Pflugerville, Round Rock, Schertz, Seguin and Taylor.

- C. Merit Adjustments – The City utilizes a merit based pay and step pay plan as a part of the overall compensation system. Council may fund merit increases annually during the budget process to aid in retaining and rewarding quality employees for productivity and job performance. These merit based adjustments are recommended by the employee's immediate supervisor and reviewed by both the Department Director and the City Manager. Employees may receive a merit increase upon approval of the City Manager based upon performance or when other situations warrant this type of increase, such as a reclassification due to additional job duties.

CAPITAL MAINTENANCE AND REPLACEMENT

The City shall maintain a Capital Replacement Fund to provide financial resources to replace aging fleet and equipment. Only fleet and equipment included on the City's Fixed Assets inventory will be included on the replacement schedule. Funding will be set aside each year through the annual budget process to fund the future replacement of fleet and equipment.

ACCOUNTING, AUDITING AND FINANCIAL REPORTING

- A. Accounting – The City is responsible for the recording and reporting of its financial affairs, both internally and externally. The City's Chief Financial Officer is responsible for establishing the structure for the City's Chart of Accounts and for assuring that procedures are in place to properly record financial transactions and report the City's financial position.
- B. Audit of Accounts – In accordance with the *Charter Section 8.14*, an independent audit of the City accounts will be performed every year. The auditor is retained by and is accountable directly to the City Council.
- C. External Reporting – Upon completion and acceptance of the annual audit by the City's auditors, the City shall prepare a written Comprehensive Annual Financial Report (CAFR) which shall be presented to the City Council within 180 calendar days of the City's fiscal year end. The CAFR shall be prepared in accordance with GAAP and shall be presented annually to the GFOA for evaluation and consideration for the Certificate of Achievement in Financial Reporting. If City staffing limitations preclude such timely reporting, the Chief Financial Officer will inform the City Council of the delay and the reasons therefore.

RISK AND ASSET MANAGEMENT

- A. Risk Management – The City will utilize programs to prevent and/or reduce the financial impact to the City due to claims and losses. Transfer of liability for claims through transfer to other entities through insurance and/or by contract will be utilized where appropriate. Prevention of loss through the safety program and the employee health program will be employed.
- B. Investments – The City Council has formally approved a separate Investment Policy for the City of Hutto that meets the requirements of the Public Funds Investment Act (PFIA), Section 2256 of the Texas Local Government Code. This policy is reviewed annually by the City Council and applies to all financial assets held by the City.
- C. Cash Management – The City shall maintain a comprehensive cash management program to include the effective collection of all accounts receivable, the prompt

deposit of receipts to the City's depository, the payment of obligations, and the prudent investment of idle funds in accordance with this policy.

DEBT MANAGEMENT

The City of Hutto recognizes the primary purpose of capital facilities is to support provision of services and mobility to its residents. Using debt financing to meet the capital needs of the community must be evaluated according to efficiency and equity. Efficiency must be evaluated to determine the highest rate of return for a given investment of resources. Equity is resolved by determining who should pay for the cost of capital improvements. In meeting demand for additional services, the City will strive to balance the needs between debt financing and "pay as you go" methods. The City realizes that failure to meet the demands of growth may inhibit its continued economic viability, but also realizes that too much debt may have detrimental effects on the City's long-range financial condition.

The City will issue debt only for the purpose of acquiring or constructing capital assets, including equipment, for the general benefit of its citizens and to allow it to fulfill its various purposes as a city.

- A. Usage of Debt** - Long-term debt financing will be considered for multi-year capital improvements of which future citizens will benefit. Alternatives for financing will be explored prior to debt issuance and include, but not limited to:

- Grants
- Use of Reserve Funds
- Use of Current Revenues
- Contributions from developers and others
- Leases
- Impact Fees

When the City utilizes long-term financing, it will ensure that the debt is soundly financed by conservatively projecting revenue sources that will be used to pay the debt. It will not finance the improvement over a period greater than the useful life of the improvement and it will determine that the cost benefit of the improvement, including interest costs, is positive to the community.

B. Types of Debt -

- I. General Obligation Bonds (GO's) - General obligation bonds must be authorized by a vote of the citizens of Hutto. They are used only to fund capital assets of the general government and will not to be used to fund operating needs of the City. The full faith and credit of the City as well as the City's ad valorem taxing authority back general obligation bonds. Conditions for issuance of general obligation debt include:
 - When the project will have a significant impact on the tax rate;
 - When the project may be discretionary or nonessential even though it is routine in nature; or
 - When the project falls outside the normal bounds of projects the City has typically done.
2. Certificates of Obligation, Contract Obligations (CO's) - Certificates of obligation or contract obligations may be used to fund capital requirements that are not otherwise covered either by general obligation or revenue bonds.

Debt service for CO's may be either from general revenues (tax-supported) or supported by a specific revenue stream(s) or a combination of both. Typically, the City may issue CO's when the following conditions are met:

- When the proposed debt will have minimal impact on future effective property tax rates;
- When the projects to be funded are within the normal bounds of City capital requirements, such as for roads, parks, various infrastructure and City facilities; and
- When the average life of the obligation does not exceed the useful life of the asset(s) to be funded by the issue; or
- When the project or capital item is determined to be nondiscretionary or essential to the City.

Certificates of obligation will be used with prudent care and judgment by the City Council. Every effort will be made to ensure public participation in decisions relating to debt financing.

3. Self-supporting General Obligation Debt – Refers to general obligation debt including CO's issued for a specific purpose and repaid through dedicated revenues other than ad valorem taxes. The annual debt requirements are not included in the property tax calculation. The Utility Fund issues this type of debt.
 4. Internal Borrowing between City funds – The City can authorize use of existing long-term reserves as "loans" between funds. The borrowing fund will repay the loan at a rate consistent with current market conditions. The loan will be repaid within ten (10) years. The loan will be considered an investment of working capital reserves by the lending fund.
 5. Short-term Borrowing – The City may authorize the issuance of Public Property Finance Contractual Obligations (PPFCOs) or Limited Tax Notes (Notes) which are short-term obligations for the acquisition of personal public property, such as equipment. PPFCOs and Notes are payable from either ad valorem taxes or another dedicated revenue stream. Each issuance will be assessed to ensure cost effectiveness and the repayment schedule will not exceed the useful life of the asset. Multiple equipment acquisitions can and should be grouped in a single PPFCO or Note issue in order to develop economies of scale. Notes are limited to a 7 year term.
 6. Revenue Bonds – Revenue bonds may be issued to provide for the capital needs of any activities where the capital requirements are necessary for the continuation or expansion of a service. The improved activity shall produce a revenue stream to fund the debt service requirements of the necessary improvement to provide service expansion. The average life of the obligation should not exceed the useful life of the asset(s) to be funded by the bond issue and will generally be limited to no more than twenty (20) years.
- C. Method of Sale – The City will use a competitive bidding process in the sale of bonds unless conditions in the bond market or the nature of the issue warrant a negotiated sale. In such situations, the City will publicly present the reasons for the

negotiated sale. The City will rely on the recommendation of the financial advisor and Chief Financial Officer in the selection of the underwriter or direct purchaser.

- D. Disclosure – Full disclosure of operating costs along with capital costs will be made to the bond rating agencies and other users of financial information. The City staff, with assistance of the financial advisor and bond counsel, will prepare the necessary materials for presentation to the rating agencies and will aid in the production of the Preliminary Official Statements. The City will take responsibility for the accuracy of all financial information released.
- E. Federal Requirements – The City will maintain procedures to comply with arbitrage rebate and other Federal requirements.
- F. Debt Structuring – The City will issue bonds with maturity not to exceed the useful life of the asset acquired. The structure should approximate overall level debt service and tax rate or revenue source stability unless operational matters dictate otherwise. Market factors, such as the effects of tax-exempt designations, the cost of early redemption options and the like, will be given consideration during the structuring of long term debt instruments.
- G. Debt Coverage Ratio – Refers to the number of times the current combined debt service requirements or payments would be covered by the current operating revenues net of on-going operating expenses of the City's Utility. The City will maintain a minimum debt service coverage ratio of 1.0 times for these utilities as a whole.
- H. Reimbursement Resolutions – The City may utilize reimbursement resolutions for debt financings as a tool to manage its debt issues, due to arbitrage requirements and project timing. In so doing, the City uses its capital reserve "cash" to delay bond issues until such time when issuance is favorable and beneficial to the City.

FINANCIAL CONDITIONS, RESERVES, AND STABILITY RATIOS

The City of Hutto will maintain budgeted minimum reserves in the ending working capital/fund balances to provide a secure, healthy financial base for the City in the event of a natural disaster or other emergency, allow stability of City operations should revenues fall short of budgeted projections and provide available resources to implement budgeted expenditures without regard to actual timing of cash flows into the City.

- A. Operating Reserves – In accordance with the Charter Section 8.04, the City is mandated to maintain a 10% reserve. Per the Fiscal and Budgetary Policy, the City will maintain emergency reserves at a minimum of 20% of net budgeted operating expenditures. Net budgeted operating expenditure is defined as total budgeted expenditures less interfund transfers and charges, general debt service (tax supported), direct cost for purchased power and payments from third party grant monies.
 - 1. General Fund – The unobligated fund balance in the General Fund should equal at least 20%.
 - 2. Utility Fund – Working capital reserves in these funds should be 20%.

Reserve requirements will be calculated as part of the annual budget process and any additional required funds to be added to the reserve balances will be appropriated within the budget. Funds in excess of the minimum reserves may be

expended for City purposes at the will of the City Council once it has been determined that use of the excess will not endanger reserve requirements in future years.

- B. Capital Project Funds** – Every effort will be made for all monies within the Capital Project Funds to be expended within thirty-six (36) months of receipt. The fund balance will be invested and income generated will offset increases in construction costs or other costs associated with the project. Capital project funds are intended to be expended totally, with any unexpected excess to be transferred to the Debt Service fund to service project-related debt service.
- C. Debt Service Funds for Ad Valorem Tax Obligations** – This fund holds receipts from ad valorem property taxes levied to pay debt service on outstanding ad valorem tax obligations. Due to the nature of the source of funds, monies held within this fund are stable. Balances are maintained in this fund to ensure that debt service payments may be made in a timely manner and to comply with ordinances authorizing such outstanding debt obligations.
- D. Investment of Reserve Funds** – The reserve funds will be invested in accordance with the City's investment policy.
- E. Sales Tax Excess** – Due to the volatile nature of sales tax revenue, collections over and above the estimated sales tax revenue amount should be used to fund non-recurring expenses, such as (but not limited to) equipment purchases, capital improvement projects or transfers to the capital replacement fund.

HUTTO BOARDS & COMMISSIONS

HUTTO BOARDS & COMMISSIONS

Hutto Economic Development Corporation. Voters approved the creation of the 4A Hutto Economic Development Board in May 1996. The 4B Hutto Economic Development Board was then created in July 2017 and makes recommendations to the City Council on the use of a voter approved 1/2 cent 4B Sales Tax to support economic development. All corporate powers are under the authority of the Board of Directors. The Board is appointed by the Council and consists of seven (7) persons for a term of three (3) years. Board members must reside in Williamson County.

Historic Preservation Commission. The Historic Preservation Commission makes recommendations to the Council in regard to designation of historic sites or districts within the City. The seven (7) members Board is appointed by the City Council for staggered terms of three (3) years. A member of City staff shall serve as liaison to the Commission and act as the Local Preservation Officer.

Parks Advisory Board. The Parks Advisory Board makes recommendations to the Council in regard to park and recreational developments. The seven (7) member board is appointed by the City Council to terms of three (3) years at staggered intervals.

Library Advisory Board. The Library Advisory Board makes recommendations to the City Council in regard to the City's Library planning, development and operations, and assist in preparing grants. Members are appointed by the City Council. The Board consists of seven (7) members appointed to staggered terms of three (3) years.

Planning & Zoning Commission. The Planning and Zoning Commission makes recommendations to the Council in regard to zoning changes as well as the growth and development of the City. The Commission also annually makes recommendations to the City Council regarding the City's Five Year Capital Improvements Plan. The seven (7) member Commission serves for a term of three (3) years.

Zoning Board of Adjustments. The Board hears and decides appeals in regards to complaints made towards a City Administrative Officer, Department or Board. The Board also acts on applications submitted for variance or special exception to City zoning regulations. The seven (7) members are appointed by the Council and serve a term of three (3) years.

Hutto Ethics Commission. The Hutto Ethics Commission was created in 2007 to render advice and opinions on potential conflicts of interest or violations at the request of a City official. The Commission consists of seven (7) members appointed by the City Council to staggered terms of three (3) years.

Building and Standards Commission. The Hutto Building and Standards Commission was created in 2015 to hear appeals and render decisions upon rulings by the building official when requests for modification or a variance has been made and denied, and determine cases concerning alleged violations of ordinances. The Commission also serves as the fire code board of appeals. The seven (7) members are appointed for three (3) year staggered terms by the City Council.

GLOSSARY

GLOSSARY

This document contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader, a budget glossary follows:

ACCRUAL BASIS. The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flows.

ACCRUED EXPENSES. Expenses incurred but not due until a later date.

AD VALOREM TAXES. (Current) All property, real personal, mixed tangible, intangible, annexations, additions, and improvements to property located within the taxing units jurisdiction that are subject to taxation on January 1 of the current fiscal year. Following the final passage of the appropriations ordinance, the City Council sets the tax rate and levy for the current fiscal year beginning October 1 and continuing through the following September 30.

AD VALOREM TAXES. (Delinquent) All taxes are due on receipt of bill and are delinquent if not paid before February 1st of the fiscal year in which it is imposed.

AD VALOREM TAXES. (Penalty and Interest) A delinquent tax incurs a penalty of six (6%) percent of the amount of the tax for the first calendar month it is delinquent, plus one (1%) percent for each additional month of portion of the month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent.

APPROPRIATION. A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

ASSESSED VALUATION. A value that is established for real or personal property for use as a basis for levying property taxes. (Note: Property values are established by the Williamson County Appraisal District.)

ASSET. Resources owned or held which have monetary value.

AUDIT. A comprehensive review of the manner in which the government's resources were actually utilized. A certified public accountant issues an opinion over the presentation of financial statements, tests the controls over the safekeeping of assets and makes recommendations for improvements where necessary.

BASE BUDGET. The on-going expense for personnel, operating services and the replacement of supplies and equipment to maintain service levels. The base budget does not include new programs or projects, which are approved on an individual basis.

BOND. A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayment of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation and revenue bonds. These are most frequently used for construction of large capital projects (such as buildings, streets, and water and sewer improvements).

BUDGET. A financial plan of projected resources and proposed expenditures for a given period.

BUDGET CALENDAR. The schedule of key dates or milestones that the City follows in the preparation, adoption, and administration of the budget.

BUDGET CATEGORY. A group of expenses related by function. The City uses five budget categories including: Salaries and Benefits, Supplies and Materials, Repair and Maintenance, Other Services and Charges, and Capital Outlay.

BUDGET CONTINGENCY PLAN. The Fiscal and Budgetary Policy outlines operating procedures for managing revenue shortfalls resulting from factors such as local and economic downturns.

BUDGETED FUNDS. Funds that are planned for certain uses but have not been formally or legally authorized by the legislative body. The budget document that is submitted for Council approval is composed of budgeted funds.

CAPITAL EXPENDITURES. Outflows of spend-able resources for the acquisitions of long-term assets.

CAPITAL IMPROVEMENTS PLAN. A five year planning document that outlines the capital projects within the next five years and includes information regarding funding, project description and scheduling, and status. The City Council annually adopts a CIP as part of the budget process.

CAPITAL OUTLAYS. Expenditures that result in the acquisition of or addition to fixed assets.

CASH BASIS. A basis of accounting under which transactions are recognized only when cash changes "hands".

CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN). The jurisdictional boundary of the City's water and/or wastewater service area.

CERTIFICATES OF OBLIGATION. See definition of bond.

CHARRETTE. A facilitated planning retreat process that brings together multiple parties to create initial ideas and designs for projects.

CONTINGENCY. A budgetary appropriation reserve set aside for emergencies or unforeseen expenditures not budgeted.

CONTINGENCY RESERVES. A portion of the budgeted ending fund balance or working capital that is not available for appropriation. The intent of the reserves is to provide flexibility, should actual revenues fall short of budgeted revenues and to provide adequate resources to implement budgeted expenditures without regard to the actual cash flow of the fund.

COST ACCOUNTING. That method of accounting that provides for assembling and recording of all the elements of cost incurred to accomplish a purpose, to carry on an activity or operations or to complete a unit of work or a specific job.

CURRENT TAXES. Taxes that are levied and due within the current year.

DEBT SERVICES. Principal and interest obligations for bonds and other debt instruments according to a pre-determined payment schedule.

DEFICIT. (1) The excess of the liabilities of a fund over its assets. (2) The excess of expenditures over revenues during an accounting period; or, in the case of proprietary funds, the excess of expense over income during an accounting period.

DELINQUENT TAXES. Taxes that remain unpaid on and after the date on which a penalty for non-payment is assessed.

DEPARTMENT. An administrative segment of the City consisting of multiple divisions that is organized by function and service provided.

DEPRECIATION. The process of estimating and recording the lost usefulness, expired useful life or diminution of service from fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation, or the reserve cost, in order to replace the item at the end of its useful life.

DIVISION. A separately budgeted segment of a department.

EFFECTIVE TAX RATE. The effective tax rate is the tax rate required to produce the same amount of taxes for the current year as the previous year. The rate is calculated by subtracting taxes on property lost this year from the prior year's taxes total. This number is divided by the current value of property taxed in the prior year. Multiplying this number by 100 will produce the effective tax rate.

ENCUMBRANCES. Commitments related to unperformed (executory) contracts for goods or services.

ENHANCEMENTS. Newly requested budgeted amounts that will result in a new or expanded level of service over the previous year.

ETJ. The Extra-Territorial Jurisdiction is the contiguous area just beyond the City limits where a City may apply its development standards and regulations. A City's ETJ is determined by population.

ESD#3. Williamson County Emergency Services District #3 provide fire protection services to the Hutto area. The entity is independent of the City and levies a maximum ad valorem tax of \$0.1 per \$100 of property valuation. The organization is also referred to as "Hutto Fire and Rescue." The City has an interlocal agreement with the organization for services provided to the Hutto citizens

EXPENDITURE. This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid. This term applies to all funds. Note: An encumbrance is not an expenditure. An encumbrance reserves funds to be expended when goods or services are received.

EXPENSES. Charges incurred (whether paid immediately or unpaid) for operation, maintenance, interest and other charges.

FISCAL YEAR. The time period designated by the City signifying the beginning and ending period for recording financial transactions. The City of Hutto has specified October 1 to September 30 as its fiscal year.

FIXED ASSETS. Assets of a long-term character which are intended to continue to be held or used, such as land, building, and improvements other than buildings, machinery and equipment.

FRANCHISE FEE. This is a charge paid by businesses for the use of City streets and public right of way and is in lieu of all other municipal charges, fees, street rentals, pipe taxes or rentals, easement or other like franchise taxes, inspections fees, and/or charges of every kind except Ad Valorem and special assessment taxes for public improvements.

FULL-TIME EQUIVALENT. The numeric breakdown of City positions. A regular full-time employee (40 hours per week) equals one (1.0) full-time equivalent. Part-time positions are calculated as 0.5 full-time equivalents, and seasonal staff positions are considered 0.25 full-time equivalents.

FUND. An accounting entity that has a set of self-balancing accounts and that records all financial transactions for specific activities or government functions. Eight commonly used funds in public accounting are: general fund, special revenue funds, debt service funds, capital project funds, enterprise funds, trust and agency funds, internal service funds, and special assessment funds.

FUND BALANCE. Fund balance is the excess of assets over liabilities and is therefore also known as surplus funds.

GENERAL FUND. The fund used to account for all financial resources except those required to be accounted for in another fund.

GENERAL OBLIGATION BONDS. Bonds that finance a variety of public projects such as streets, building, and improvements. These bonds are backed by the full faith and credit of the issuing government.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP). Uniform minimum standards of and guidelines to financial accounting and reporting. These principles: govern the form and content of the basic financial statements of an entity; encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time; include not only broad guidelines of general application, but also detailed practices and procedures; and, provide a standard by which to measure financial presentations.

GOVERNMENTAL FUNDS. Funds, within a governmental accounting system, that support general tax supported governmental activities.

GRANTS. Contributions or gifts of cash or other assets from another government to be used or expended for a specific purpose, activity or facility.

GROWTH GUIDANCE PLAN. The Growth Guidance Plan includes a statement of strategic priorities/policies adopted by the City Council that are intended to guide the growth and development of the City until 2030.

HOTEL/MOTEL TAX. Pursuant to State law, a tax is levied upon the cost of occupancy of any room or space furnished by any hotel/motel. The current rate of taxation is 13% (7% of which is paid to the City and budgeted for limited uses and 6% of which is collected by the State).

IMPACT FEES. Fees assessed to developers to help defray a portion of the costs that naturally result from increased development. By Texas law, these fees must be used for capital acquisition or debt service relating to capital projects.

INTERFUND TRANSFERS. Amounts transferred from one fund to another.

INTERNAL SERVICE FUND. A fund to account for any service that services other funds in the government.

INVESTMENTS. Securities and real estate held for the generation of revenue in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in governmental operations.

LEVY. (Verb) To impose taxes, special assessments or special charges for the support of governmental activities. (Noun) The total amount of taxes, special assessments or special charges imposed by a government.

LONG-TERM DEBT. Debt with a maturity of more than one year after the date of issuance.

MODIFIED ACCRUAL BASIS. The accrual basis of accounting adapted to the governmental fund type spending measurement focus. Under this basis, revenues are recognized when they become both "measurable" and "available to finance expenditures within the current period". Expenditures are recognized when the related fund liability is incurred except for: (1) inventories of materials and supplies which may be considered expenditures either when purchased or when used; (2) prepaid insurance and similar items which need not be reported; (3) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period, but for which larger-than-normal amounts which need not be recognized in the current period, but for which larger-than-normal accumulations must be disclosed in the notes to the financial statements; (4) interest on special assessment indebtedness which may be recorded when due rather than accrued, if approximately offset by interest earning on special assessment levies; and (5) principal and interest on long-term debt which are generally recognized when due.

OPERATING BUDGET. A plan of current year expenditures and the proposed means of financial acquisition, spending, and service delivery activities of government are controlled.

OPERATING TRANSFERS. All interfund transfers other than residual equity transfers.

ORDINANCE. A formal legislative enactment by the governing board of a municipality. If an ordinance is not in conflict with any higher form of law, such as a state statute of constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter is less formal and has a lower legal "status". Ordinarily, statutes or characters will specify or imply those legislative actions that must be by ordinance and those which may be by resolution. Revenue raising measures such as these required for imposition of taxes, special assessments and service charges, universally require ordinances.

PERFORMANCE MEASURES. Performance measures are specific quantitative and qualitative indicators that report on the progress of activities and goals. Measures include inputs (the resources required to complete objectives), outputs (the number of units produced), efficiency measures (the number of units produced per input), and outcome measures (the end result of the objective).

PROGRAM DESCRIPTION. A description of the nature of service delivery provided at a particular level of funding.

PROGRAM GOALS. Goals identify the end result the department/division desires to achieve with its activities, but goals are often ongoing and may not be achieved in one year.

PROPERTY TAX. Property taxes are levied on both real and personal property according to the property's valuation and the tax rate.

PROPRIETARY FUND. Funds, within a governmental accounting system, that operate like business entities. These funds are characterized as either enterprise or internal service funds.

RESERVE. A portion of fund restricted for a specific purpose and is, therefore, not available or recommended for general appropriation.

RETAINED EARNINGS. An equity account reflecting the accumulated earnings of an enterprise or internal service fund.

REVENUE BONDS. Bonds for which principal and interest are payable exclusively from earnings from an Enterprise Fund. In addition to a pledge of revenues, such bonds sometimes contain a mortgage on the Enterprise Fund's property.

REVENUES. (1) Increases in governmental fund type net current assets from other than expenditure refunds and residual equity transfers. Under NCGA Statement I, general long-term debt proceeds and operating transfers in are classified as "other financing sources" rather than revenues. (2) Increases in proprietary fund type net total assets from other than expense refunds, capital contributions, and residual equity transfers. Under NCGA Statement I, operating transfers in are classified separately from revenues.

SALES TAX. A general "sales tax" is levied on all persons and businesses selling merchandise in the City limits on a retail basis. The current sales tax rate for the City is 8.25% (with only 1.5% rebated to the City from the State).

SERVICE CHARGES. Service charges are allocated to all Enterprise Fund activities (e.g., water/sewer) for indirect management and administrative support provided by General Fund departments.

SURPLUS. The excess of the assets or resources of a fund over its liabilities or obligations.

TAXES. Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the public. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments (neither does the term include charges for services rendered only to those paying such charges as, for example, sewer service charges).

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY (TCEQ). The Texas Commission on Environmental Quality monitors the City's utility system for safety and compliance with state law.

TEA 2I. The Transportation Equity Act 2I provided grant funding to the City for the Cottonwood Trail Phase II project.

TEXAS WATER DEVELOPMENT BOARD (TWDB). The City of Hutto is seeking low-interest funding for the Brushy Creek Wastewater Interceptor capital project from the Texas Water Development Board's Clean Water Program.

UNENCUMBERED BALANCE. The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purchases.

WORKLOAD MEASURES. Workload measures reflect major activities of the division/department in terms of quantity of work accomplished. They should be able to be tracked with a reasonable amount of time and effort.

UNIFIED DEVELOPMENT CODE (UDC). The Unified Development Code is a comprehensive document that outlines all development related codes and ordinances for the City.

ORDINANCE NO. _____

AN ORDINANCE MAKING APPROPRIATIONS FOR THE SUPPORT OF THE CITY OF HUTTO FOR THE FISCAL YEAR OCTOBER 1, 2018 THROUGH SEPTEMBER 30, 2019 AND ADOPTING THE ANNUAL BUDGET OF THE CITY OF HUTTO FOR THE 2019 FISCAL YEAR; PROVIDING FOR A PUBLICATION CLAUSE, SEVERABILITY CLAUSE, AND OPEN MEETING CLAUSE.

WHEREAS, the budget for the fiscal year October 1, 2018 through September 30, 2019, was duly presented to the City Council and a public hearing was ordered by the City Council and a public notice of said hearing was caused to be given by the City Council and said public hearing was held according to said notice.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HUTTO, TEXAS:

SECTION I.

That the appropriations for the fiscal year October 1, 2017 through September 30, 2018 for the support of the general government of the City of Hutto be fixed and determined for said terms in accordance with the expenditures shown in the City's 2018 fiscal year budget, a summary of which is appended hereto as Exhibit A.

SECTION II.

That the budget, as shown in words and figures in Exhibit A, is hereby approved in all respects and adopted as the City's budget for the fiscal year October 1, 2018 through September 30, 2019.

SECTION III.

That there is hereby appropriated the amount shown in said budget the required funds to provide for a Interest and Sinking Fund for the payment of the principal and interest and the retirement of the bonded debt of said City.

SECTION IV. Publication Clause

The City Secretary of the City of Hutto is hereby authorized and directed to publish the caption of this ordinance in the manner and for the length of time prescribed by law.

SECTION V. Severability Clause

The provisions of this ordinance are severable, and if any sentence, section, or other parts of this ordinance should be found to be invalid, such invalidity shall not affect the remaining provisions, and the remaining provisions shall continue in full force and effect.

SECTION VI. Repealing Clause

All ordinances and resolutions and parts thereof in conflict herewith are hereby expressly repealed insofar as they conflict.

SECTION VII. Open Meeting Clause

The City Council hereby finds and declares that written notice of the date, hour, place, and subject of the meeting at which this ordinance was adopted was posted and that such meeting was open to the public as required by law at all times during which this ordinance and the subject hereof were discussed, considered, and formerly acted upon, all as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended.

SECTION VIII.

This ordinance shall take effect and be in force from and after its passage.

READ and **APPROVED** the first reading on the **6th** day of **September, 2018** at a regular called meeting of the City Council of the City of Hutto, there being a quorum present.

READ, APPROVED and **ADOPTED** on the second reading this **20st** day of **September, 2018** at a regular meeting of the City Council of the City of Hutto, there being a quorum present.

CITY OF HUTTO, TEXAS

Doug Gaul, Mayor

ATTEST:

Lisa Brown, City Secretary
