To: Historic Preservation Commission
Subject: Consideration and possible recommendation to the City Council on the Texas Historical Commission 2023 undertold marker program.
Meeting: Wednesday, November 1, 2023
Department: Development Services
Staff Contact:

BACKGROUND INFORMATION:

The Texas Historical Commission is currently accepting applications for its undertold historical marker program, intended to address historical gaps, promote diversity of topics, and proactively document significant underrepresented subjects or untold stories.

The criteria for evaluating applications include: ability of the topic to address gaps in the Texas Historical Commission historical marker program; value of the topic as an undertold or untold aspect of Texas history; endangerment level of property, site or topic, and the contribution of a marker toward its preservation; historical or architectural significance; historical or archietuctral inergirty; relevance to the statewide preservation plan and other Texas Historical Caommission programs; potential County Historical Commission assistance and avilabilty of existing documention; and diversity among the group of candidaties.

SUMMARY OF REQUEST:

The Shilo Black Cemetery is a forgotten piece of Texas history located in Hutto that was one of three cemeteries opening in the 19th century during a time of segregation back in the late 1800s: Shiloh Black Cemetary, Santa Maria Cemetery for Hispanics, and Shiloh McCutcheon. The application and supporting documents are attached.

TEXAS HISTORICAL COMMISSION

2023 UNDERTOLD MARKER APPLICATION
Request for Consideration for Marker Application Funds

In 2006, the Texas Historical Commission established the Undertold Program to address gaps in the marker program and underrepresented topics. This form constitutes a request for the Texas Historical Commission (THC) to consider approval of an Official Texas Historical Marker for the undertold topic in this application using Marker Application Funds. The THC will review the request and make its determination based on adopted rules, procedures and scoring criteria. The final determination of eligibility and approval for a state marker will be made by the THC.

Proposed marker title: **County:**

Proposed location (give street address of marker site, if applicable):

900 -1094 CR139 Hutto, Texas 78634

Will the marker be placed at the actual site of the topic being marked? ☒ Yes ☐ No
If the answer is no, provide the distance and directions to the actual location from the marker (i.e. 100 yards east).

The marker would be placed at the entrance to the cemetery.

Please explain the proposed subject in 250 words or less:

Shiloh Black Cemetery, a historic cemetery dating back to the 1800s, is one of three cemeteries in Hutto created in the 19th and 20th centuries when races were segregated. Through the efforts of the Black Families of Hutto and Dwight Baker, a genealogist, they have identified 135 people buried in the cemetery, including U.S. Military Veterans from World War I and World War II. However, a majority of those interred do not have tombstones, thus a historic marker would bring recognition to the historic site. The cemetery received a Historic Texas Cemetery (HTC) designation in May 2022.

If you have a longer documented narrative, please attach.

I, Kelly Kilber do hereby certify that I prepared this plat from an actual and accurate on-the-ground survey of the land and that the corner monuments shown thereon were properley placed under my personal supervision, in accordance with the Subdivision Regulations of the City of hutto and Williamson County, Texas. I hereby certify that the field notes close.

Kelly Kilber
Registered Professional Land Surveyor No. 2219

STATE OF TEXAS§
COUNTY OF WILLIAMSON§

I, Kelly Kilber do hereby certify that the information contained on this plat complies with the subdivision and ordinances and the stormwater drainage policy adopted by the City of Hutto, Texas and that this subdivision is not in the Edwards aquifer Recharge Zone and is encroached by a Zone A flood area, as denoted hereon and as defined by Federal Emergency Management Administration Flood Insurance Rate Map Community Panel Number 48491C0335 C, effective date september 27, 1991 and that each lot conforms to the Subdivision Regulations of Williamson County, Texas. For areas outside the 100 year flod plain depicted on the Flood Insurance Rate Map, the fully developed, concentrated storm water runoff resulting from the one hundred (100) year storm is contained within the drainage easements, building lines and public Rights-of-way dedicated by this plat.

NOTES:

1. No structure in this subdivision shall be occupied until connected to a public water supply system constructed to the requirements of the Texas Natural Resources Conservation Commission.
2. No structure in this subdivision shall be occupied until connected to a private sewage facility approved under the rules of Williamson County for Private Sewage Facilities.
3. Property owners are advised that they are responsible for maintenance of dedicated easements on their property and that they may not utilize these easements for any purpose detrimental to their intended use (i.e. no structures, septic tank fields, etc.) Grantees of said dedicated easements reserve the right of access to such easements.
4. There is hereby dedicated a twenty (20) foot wide Public Utility and Embankment/Backslope easement adjacent to all street right-of-way lines.
5. There is hereby dedicated a ten (10) foot wide Public Utility Easement adjacent to all non-street lot lines.
6. Topographic information shown hereon was provided by GEODETIX, INC. Contours are shown at intervals of 5 feet.
7. No driveway shall be constructed between the lots and abutting right-of-way without first obtaining a Driveway Permit from the Williamson County Road Department.
8. Interior cross fences exist within the boundaries of this subdivision.
9. This subdivision lies within the extra-territorial jurisdiction (ETJ) of the City of Hutto, Texas.
10. No access to County Road No. 198 shall be allowed from lots abutting thereon with the exception of Utility Reserve "A".
11. Flood Plain delineated hereon as per study prepared by Raymond Chan & Associates.
12. Right-of-way easements for widening roadways or improving drainage shall be maintained by the landowner until roads or drainage improvements are actually constructed on the property. The county has the right at any time to take possession of any road widening easement for construction, improvement or maintenance.
13. In approving this plat by the Commissioners' Court of Williamson County, Texas, it is understood that the building of all streets, roads and other public thoroughfares and any bridges or culverts necessary to be constructed or placed is the responsibility of the owners of the tract tract of land covered by this plat in accordance with the plans and specifications prescribed by the Commissioners' Court of Williamson County, Texas. Said Commissioners' Court assumes no obligation to build or maintain any of the streets, roads or other public thoroughfares shown on this plat or of constructing any of the bridges or drainage improvements in connection therewith. It is further understood that upon completion of the aforesaid obligations of the Developer and either 60% occupancy of the lots along the roadways and streets in the subdivision has been achieved, or two years from the date of completion of the streets has lapsed, on written permission from the Commissioners' Court, the County will assume full responsibility for maintence of said streets and roads. The county assumes no responsibility for drainage ways or easements in the subdivision, other than those draining or protecting the road system and streets.
14. The County assumes no responsibility for the accuracy of representations by other parties in this plat. Flood plain data, in particular, may change depending on subsequent development.
15. It is further understood that the owners of the tract of land covered by this plat must install at their own expense all traffic control devices and signage that may be required before the streets in the subdivision have finally been accepted for maintenance by the County.
16. Water service for this subdivision to be provided by Manville Water Supply Corporation.
17. Sewer service for this subdivision to br provided by on-site sewage facilities.
18. Lots must have OSSF designed by a registered professional engineer or registered sanitarian.
19. No development shall begin on lots 70, 71, 93, lots 98 thru 101, lots 114 thru 175, lots 199 thru 208, lots 212 thru 230 & lot 258 prior to issuance of a flood plain development permit by the Williamson County Flood Plain Administrator for each lot specified.
20. The developer, builder, seller, or agent shall inform, in writing, each prospective buyer of subdivision lots or property located within flood hazard areas that such property is in an identified flood hazard area and that a Flood Plain Development Permit will be required before a structure can be placed on the property. The written notice shall be filed for record in the Deed Records of Williamson County. A copy of this written notice shall be provided when application is made for development permits.
21. No structure or land on this blue line (survey) shall hereafter be located or altered without first submitting a CERTIFICATE OF COMPLIANCE Application Form to the Williamson County Flood Plain Administrator.
22. Prior to any channel alterations, bridge construction, fill, dredging, grading, channel improvement, storage of materials or any other change of the 100 year flood plain located within the blue line (survey) on application for Flood Plain Development permit with a description of the extent to which the watercourse or natural drainage will be altered or relocated as a result of the proposed development must be submitted to and approved by the Williamson County Flood Plain Administrator. All specifications and details necessary for complete review must be provided.
23. Prior to any channel alteration or bridge construction which will change existing flood patterns or elevations, a letter of map amendment must be submitted to and approved by the Federal Emergency Management Agency.
24. All lots contain a minimum of one-half acre excluding drainage easements, drainage ways, or rights-of-ways.
25. Drainage patterns are positive and will not impact use of OSSF's.
26. All lots have a minimum 7,000 square feet available for drainfield area.
27. "The City of Hutto, Texas, makes no express nor implied warranties or representations regarding the suitability of any lots shown on this plat for residential building or other uses including, without limitation, those lots located within the flood plain."
28. Building slab elevations shall be 1.0 feet above any point on the lot within 5.0 feet of the perimeter of the building.

To Whom It May Concern,

The Historic Preservation Commission is writing to express the Commission's support for the Undertold Marker Application for the Shiloh Black Cemetery, a historic cemetery dating back to the 1800s, which is believed to hold the remains of at least 130 individuals. The cemetery received a Historic Texas Cemetery (HTC) designation in May 2022.

Preserving the memory and heritage of Shiloh Black Cemetery is not just a matter of historical importance, it is a matter of civic responsibility. As a community, we have a duty to honor and protect the historical sites that enrich our understanding of the past and contribute to our shared identity. A historical marker for Shiloh Black Cemetery would serve as a lasting testament to the lives and legacies of those interred there and contribute to the broader efforts of preserving and acknowledging the history and heritage of the Black community in Hutto. This recognition is especially important as we strive to address historical injustices and work toward a more inclusive and equitable future.

Thank you for your dedication to preserving Texas' history. The Commission looks forward to witnessing the success of this application and the continued appreciation of Shiloh Black Cemetery's historical significance.

Sincerely,

City of Hutto Historic Commission
