Sec. 2254.1036. POLITICAL SUBDIVISION: CONTRACT NOTICE; APPROVAL BY GOVERNING BODY.

This notice is being given before or at the time of giving the written notice required by Section 551.041 for meetings of the City Council, and a Joint meeting of the Cottonwood Development Corporation and the River Creek Development Corporation (the three governmental bodies listed will be referred to jointly as "Parties")

The Parties are pursuing legal malpractice claims against its former attorneys and law firm seeking monetary damages for their failure to properly render legal services to the Parties. The Parties want to recover all monetary damages they are entitled, including monies spend in subsequent lawsuits which were a consequence of the legal malpractice suffered.

The Kassab Law Firm is a full-service boutique law firm staffed with legal malpractice lawyers concentrating solely on plaintiffs' legal malpractice law. The firm is located in Houston, Texas but represents both corporate entities and individuals in legal malpractice cases nationwide. Lance Christopher Kassab is Board Certified Diplomate of the American Board of Professional Liability Attorneys in Legal Professional Liability. Lance the founder of the firm, has over 23 years of experience handling and trying legal malpractice claims and has successfully handled well over two thousand (2,000) legal malpractice claims, many involving multi-million-dollar damages. The Kassab Law Firm is a family-run business as Lance is joined by his nephew David Eric Kassab, who together have represented hundreds of victims of legal malpractice for nearly a decade.

The attorneys and law firm selection have had no prior relationship with the City of Hutto or the LGC's and was recommended after the Chief Litigation Attorney for all the entities, conducted an evaluation of available services and selected the firm and attorneys based on demonstrated competence and qualifications to perform the services. The Chief Litigation Attorney also had no prior relationship with the attorneys or the firm before this instance. This method was government bodies was to have a trusted and experienced attorney to evaluate and make recommendations for City Council and Board approval and was intended to expedite selection. And, all three bodies desired to use the same firm as the claims overlap.

The political subdivision is serviced by contract attorneys, does not have full-time in-house legal support and the current contract attorneys do not have the requisite experience to pursue the claims involved.

Due to the nature of the claims, it is in the best interest of the government entities to pursue the claims on contingent fee basis rather than pay by the hour. In doing so, the city's claims can be pursued without a financial obligation on the members of the public no matter the outcome.

The Parties at this meeting will consider action to approve the contract in an open meeting called for the purpose of considering these matters

If approved the Parties will approve the contingent fee contract by resolution finding (1) there is a substantial need for the legal services; (2) the legal services cannot be adequately performed by the attorneys and supporting personnel of the political subdivision; and (3) the legal services cannot reasonably be obtained from attorneys in private practice under a contract providing only for the payment of hourly fees, without regard to the outcome of the matter, because of the nature of the matter for which the services will be obtained or because the political subdivision does not have funds to pay the estimated amounts required under a contract providing only for the payment of hourly fees.
